14. The Results shall be declared within two working days from the conclusion of the AGM. The results declared along with the Scrutinizer's report shall be placed on the Company's website www.shreyansgroup.com and on the CDSL website www.evotingindia.com and communicated to the Stock Exchanges.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING ARE AS UNDER:

- (i) The voting period begins on 15th August 2022 (09.00 A.M.) and ends on 18th August 2022 (05.00 P.M). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 12th August 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL

for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
- (iv) In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. CORPORATE REVIEW

During the year under review, your Company has achieved a production of 92,999 MTs as against 73,758 MTs in the previous year. Total revenue of the Company was ₹604.66 crores against ₹386.96 crores of last year's. Profit before interest & financial charges and depreciation stood at ₹30.82 crores. Net profit after tax stood at ₹9.95 crores against ₹8.77 crores of last year's. The past two years were the most trying period for the business. Although the performance of the Company was comparatively better due to higher volume, however the lower price realization coupled with increasing cost of raw material and fuel adversely impacted the profitability of the Company.

During the year, the Company sustained its market leadership and continued to grow in terms of volume - solely due to the resilience of our team and the trust of our customers. The focus of the Company was cost optimization and preserving liquidity as we tide through the turbulent times. The demand for writing and printing paper improved significantly towards the end of the financial year, however on the other side, extreme uncertainty and volatility in cost of key inputs and fuel has kept the operating margins under pressure.

The Company witnessed challenging times from unprecedented inflationary pressures to concerns around timely availability of supply chain and logistics issues. Also, re-emergence of COVID-19 continued to impact business demand across the world caused by social and economic disruption and lockdowns adding to the supply chain challenges, and fueling further to cost pressures. While we are learning from this new order of doing business in this changed socio-economic environment or as we

call it the new normal, the most important responsibility for us as an organization is to ensure the health of our people. The Company continued to focus on important initiatives for improving safety and environmental compliance as well as improving the customer experience and operational efficiencies.

PAPER INDUSTRY

The Indian Paper industry in general and the writing & printing paper segment, in particular, was adversely affected because of shutdown of educational establishments for majority of the year and continued "Work from home" practices.

The main drivers for the growth of writing and printing segment remain intact, which include significantly higher outlay for universal literacy. The domestic writing and printing industry has started showing signs of improvement boosting overall sentiment. With Government continuous focus on education sectors, we expect a huge scope for growth for writing and printing paper in the near-term.

India's share in the demand for paper is growing, as the domestic demand is increasing at a steady pace. Growing manufacturing sector, requirement of better-quality packaging of FMCG products marketed through organized retail and the demand for the upstream market of paper products, such as tissue paper, light weight coated paper and medical grade coated paper are expected to drive the paper & paper products market in India in coming years. The per capita paper consumption in India at around 15 kgs, is still way behind the global average of 57 kg.

PERFORMANCE REVIEW

The year continued to be impacted on account of COVID-19. The 2nd and 3rd wave of COVID-19 made it difficult for the paper industry to recover completely from the lows of FY'21. Subdued demand in writing and printing segment due to adversely hit educational sector and decrease in government orders led to a substantial fall in operating margins.

During the past many years, our continuous emphasis has been on technical upgradation to enhance the speed to increase the productivity along with automation and modernization of the equipment. The performance of both units of the Company is as follows:

SHREYANS PAPERS

Total production of paper in this unit was 53,168 MTs, which was higher as compared to last year level of 42,784 MTs. Additional capital expenditure planned during the current year includes Winder Machine with automaton features in place of old winder to reduce losses and improve productivity. New and higher capacity 8 MW Captive Power generation Turbine was installed resulting increased generation of electrical power at a much lower cost as compared to grid tariff. Besides above, capital expenditure towards balancing facilities and essential sustenance capital projects is undertaken on year-to-year basis.

SHREE RISHABH PAPERS

Total paper production in this unit was 39,831 MTs which was higher as compared to last year's production of 30,974 MTs. The capital projects undertaken in the earlier years have enabled the unit for better utilisation of capacity, quality enhancement, and

cost reduction. With the economy and the business environment showing a positive growth trend, the benefits will be more visible in the coming years. Additional capital expenditure planned during the current year includes Winder Machine with increased automaton features to reduce converting losses, beside some other items for speeding up machine from current level for higher production.

FINANCIAL REVIEW**EQUITY SHARE CAPITAL**

The paid up Equity Share Capital as on 31st March 2022 was ₹13.82 crores. During the year under review, the Company has neither issued any shares nor granted stock options or sweat equity.

FINANCE

An amount of ₹8.75 crores, out of existing term loan of ₹32.85 crores were repaid during the year. Overall financial cost relating to borrowings increased during the year owing to more utilization of working capital.

EXTERNAL CREDIT RATING

During the year under review, CARE Ratings Limited has reviewed the external credit rating for the Long-Term, Short-term Bank facilities and Fixed Deposits of the company and has reaffirmed the rating. The facility wise rating is as under:

Facilities	Amount (₹/Cr)	Upgraded Rating
Long Term Bank Facilities	46.39	CARE A-; Stable [Single A minus; Outlook: Stable]
Short Term Bank Facilities	44.00	CARE A2+ [A two Plus]
Medium Term instruments- Fixed deposits	5.94	CARE A- [FD]; Stable [A minus (Fixed deposit)]; Outlook: Stable]] (assigned)

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the Financial Statements.

OTHER EQUITY

The Company does not propose to carry any amount to any reserves.

PROPOSED DIVIDEND

The Board of Directors had recommended dividend of ₹2/- per equity share amounting to ₹276.49 lakhs for the year 2021-22 during their meeting held on 20th May 2022. The dividend, as recommended by the Board of Directors, if approved at the Annual General Meeting, would be paid subject to deduction of tax (TDS) at the prescribed rates as per Income Tax Act, 1961 as amended by Finance Act 2020.

DEPOSITS

(₹ in Crores)

PARTICULARS	From Public	From Directors
(a) accepted & renewed during the year;	3.27	---
(b) remained unpaid or unclaimed as at the end of the year;	---	---

(₹ in Crores)

(ii) maximum during the year;	---	---
(iii) at the end of the year;	---	---
(d) The details of deposits which are not in compliance with the requirements of Chapter V of the Companies Act, 2013.	---	---

At the end of the year, fixed deposits from the public were outstanding to the tune of ₹5.74 crores. There were no overdue deposits as on 31st March 2022.

FUTURE PLANS/PROSPECTS

Details of proposed capital expenditure have been discussed while reviewing the performance of both the units. Capital expenditure planned will help the Company in improving its operations in terms of quality and operating parameters along with cost effectiveness.

The demand during the year had fallen due to lockdowns imposed by the State Governments to combat the second wave of COVID-19 which affected the user industry and consequently lead to lower demand, resulting in lower sales realisations and margins. However, towards the end of the financial year showed impressive improvements in terms of demand for paper.

As we are entering FY23, we have started seeing the softening of commodity prices and impact of the same may start getting reflected on our margins from second half of FY2023 onwards, but given the current environment and global geo-political situation it is difficult to predict. Given the cost increases since FY2021, we feel that it may take another year's time to get back to normal margins level, the recovery will be gradual and over time. We shall continue to focus on improvisation in technology and modernization of equipment's to achieve sustainable, scalable, and profitable growth.

Annexure I**NOMINATION AND REMUNERATION POLICY**

The Key provisions of the Nomination and Remuneration policy are given below:

The guiding principle is that the remuneration and the other terms of employment shall be competitive in order to ensure that the Company can attract and retain competent Executives.

The Nomination and Remuneration policy for executives reflects the remuneration philosophy and principles of the Shreyans Group. When determining the remuneration policy and arrangements for Executive Directors/KMP's, the Nomination and Remuneration Committee shall consider pay and employment conditions with peers / elsewhere in the competitive market to ensure that pay structures are appropriately aligned and that levels of remuneration remain appropriate in this context.

The Committee while designing the remuneration package considers the level and composition of remuneration to be reasonable and sufficient to attract, retain and motivate the person to ensure the quality required to run the company successfully.

The Nomination and Remuneration Committee while considering a remuneration package must ensure a balanced approach reflecting short and long term performance objectives appropriate to the working of the company and its goals. The Committee shall consider that a successful remuneration policy must ensure that any increase in the remuneration package is linked to the achievement of corporate performance targets and a strong alignment of interest with stakeholders.

The Nomination and Remuneration policy is guided by common reward framework and set of principles and objectives as particularly envisaged under section 178 of the Companies Act 2013, inter alia principles pertaining to determining qualifications, positives attributes, integrity and independence etc.

Remuneration packages are designed to attract high-caliber executives in a competitive market and remunerate executives fairly and responsibly. The remuneration shall be competitive and based on the individual responsibilities and performance. Remuneration is designed to motivate delivery of our key business strategies, create a strong performance-orientated environment and reward achievement of meaningful targets over the short- and long-term.

Executive remuneration shall be proposed by the Committee and subsequently approved by the Board of Directors. Executive remuneration is evaluated annually against performance and a benchmark of other companies, which in size and complexity are similar to Shreyans. Benchmark information is obtained from recognized compensation service consultancies/other relevant sources. In determining packages of remuneration, the Committee may consult with the Chairman/ Managing Director as appropriate.

Information on the total remuneration of members of the Company's Board of Directors and KMPs shall be disclosed in the Company's Annual Report.

The Company may grant any advance salary/loan to employees of the Company at concessional/Nil interest rates as it deems fit subject to tax laws.

The Board may delegate the appointment and remuneration powers in case of Sr. Management Personnel (except KMPs and Directors) to the Chairman & Managing Director and/or Vice-Chairman & Managing Director and/or Executive Director and CEO by way of Board Resolution.

The appointment letters of all Sr. Management Personnel, KMPs and Directors shall draw reference to the fact that the appointment and remuneration is in accordance with the

Nomination and Remuneration Policy of the Company.

Annexure II**Form No. MR-3****SECRETARIAL AUDIT REPORT****FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2022**

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

Shreyans Industries Limited

Vill. Bholapur, P. O. Sahabana

Chandigarh Road, Ludhiana-141123

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s Shreyans Industries Limited** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the **Financial Year 1st April, 2021 to 31st March, 2022** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

1. I have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s Shreyans Industries Limited** ("the Company") for the financial year ended on **31st March, 2022** according to the provisions of:
 - I. The Companies Act, 2013 (the Act) and the rules made there under;
 - II. The Securities Contracts (Regulation) Act, 1956 ("**SCRA**") and the rules made thereunder;
 - III. The Depositories Act, 1996 and the Regulations and By-laws framed there under;
 - IV. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
 - V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("**SEBI Act**"):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; (**Not Applicable as the Company has not issued any shares during the year under review**)
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (**Not Applicable as the Company has not issued any shares/options to directors/employees under the said guidelines/ regulations during the year**)

under review)

- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018. **(Not applicable as the Company has not bought back/proposed to buy-back any of its securities during the financial year under review)**

I have also examined compliance with the applicable clauses of the following:

- (i) The Secretarial Standards issued by The Institute of Company Secretaries (ICSI) of India.
- (ii) The SEBI Listing Obligations and Disclosure Requirements (LODR) Regulations, 2015

I Report that during the period under review the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

- As reported in our previous Secretarial Audit Report dated 11th May, 2021, the company had paid the fine amount of ₹145,000 (plus 18% GST) on 07th July, 2020 to NSE and reply on the waiver application with BSE was awaited at that time. **Further now, the BSE also did not waive off the fine and accordingly the company paid the fine of ₹145,000 (plus 18% GST), on 07th July, 2021 to BSE.**
- The Company, in its Board of Directors meeting held on 09th November, 2020 based on the recommendations of Nomination and Remuneration Committee, appointed an Independent Director subject to approval of shareholders by way of Special Resolution. (As the appointee had already exceeded the age of 75 years). The Special Resolution by way of Postal Ballot was passed with requisite majority on 29th December, 2020 with effective date of appointment on 09th November, 2020. This caused a delay of 51 Days as per Regulation 17(1A) of SEBI ((Listing Obligations and Disclosure Requirements) Regulations, 2015. The NSE & BSE each had levied ₹1,20,360/- (including GST @ 18 %) and accordingly company paid the fine to BSE on 09th September, 2021 and NSE on 12th January, 2022. Earlier the stock exchanges had not accepted the fine waiver plea of company in this regard.

2. I, further report that

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors including women Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all directors to schedule the Board Meetings and agenda, detailed notes on agenda were sent at least seven days in advance, and a system

exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

- All decisions at Board Meetings and Committee Meetings have been carried out unanimously as recorded in the minutes of the meetings of Board of Directors and Committee of the Board, as case may be.

I further report that based on the information received and records maintained there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

MANAGEMENT DISCUSSIONS AND ANALYSIS

Your Company is a public limited Company established in 1979 manufacturing Writing and Printing Paper with present capacity of 94,000 MTs per annum. The manufacturing units are located at (i) Ahmedgarh, District Malerkotla, Punjab and (ii) Village Banah, District S.B.S. Nagar, Punjab.

India ranks as the 5th largest producer of paper in the world. However, the Indian Paper Industry accounts for a meagre 4% of global paper demand. Paper industry in the country is highly fragmented with over 750 mills across the country with capacity ranging from 10-15 MTs per day to 1000 MTs plus per day. While there is no official estimate of total installed capacity but as per data Collated by Indian Pulp and Paper Technical Association [IPPTA] the present capacity is estimated at 24 million tonnes per annum. Based on the usage of raw material used, Paper Mills are divided into three categories namely wood-based, agro-based and waste paper based [recycled fiber]. Your Company uses agro residues, viz. wheat straw, sarkanda as the primary raw materials. In our country almost 80% of paper production comes from waste paper based mills, while agro based mills contribute hardly 5%-6% and balance from wood based mills.

The four key Paper and Board categories are: Newsprint, Printing and Writing Papers, Paper Boards for packaging applications, Tissue Papers & other Speciality Papers. The paper industry is witnessing a paradigm shift from the demand perspective, with demand for newsprint papers and writing and printing grades dwindling, given the rising impact of digitisation. At the same time, the packaging paper segment is witnessing a rise, with growing demand for packaging from e-commerce, food and food products, FMCG and the pharmaceutical sector. Packaging grades account for over 55% of consumption, printing and writing grades over 32%, tissue papers 8-10% and others about 3%. The paper consumption in India is likely to witness 6 to 7 % annual growth and will reach 30 million tonnes by FY 2026-27, largely driven by emphasis on education and literacy coupled with growth in organized retail. The paper industry thus holds immense potential for growth in India as the per capita consumption globally is one of the lowest. The per-capita consumption of around 15 kgs is significantly lower than the world average of around 57 kgs. Further with increase in awareness of harmful effects of plastic to the environment, it is projected to open doors to create more innovative application in the packaging sectors.

Paper industry in the country has become far more technologically advanced in the last few years. While, writing and printing paper witnessed demand contraction during Covid-19, however as the economic activity opens up in the post-pandemic era, the growth momentum is likely to get further acceleration.

As the world enters the third year of the Covid-19 pandemic crisis, economic developments have been both encouraging and disconcerting, clouded by several risks and considerable uncertainties with regard to new variants of Covid-19 and the Russia-Ukraine crisis. The GDP output in many countries rebounded in 2021 after a sharp decline in 2020. International trade has picked up, however high commodity prices and rising interest rates continue to put pressure on the growth outlook.

While the Writing & Printing segment is facing challenges in the short term, we believe once normalcy returns, we shall see a V shaped recovery due to emergence of the demand. The Paper industry has significantly recovered post Covid and will result in high growth. Further the impending changes in the education policy and curriculum are bound to create a huge demand for Writing & printing paper to meet the needs of new syllabus etc. With the initiatives of Indian Government like National Education policy (NEP) 2020, Samagra Shiksha Scheme, National Initiative for Proficiency in Reading with Understanding and Numeracy (NIPUN) Bharat Mission etc and increase in budgetary allocation for education sector in Union Budget for 2022-23, it is expected that the demand for writing and printing paper will continue to increase. The major challenge faced by domestic Paper industry is – availability of raw materials in sufficient quantity and globally competitive prices. India is a fiber deficient country whether it is wood, agricultural residue or recycles fiber/waste paper. Since the raw material is a major cost component of the production of paper, this single factor adversely affects the cost competitiveness of the Indian Industry as compared to others competing countries. The paper industry is working in the direction of adopting innovative technologies which could enable it to increase the production with better efficiencies. With more emphasis on proper utilization of agro-residuals which are typically disposed off or burnt, the availability of agricultural waste can be further increased in the paper industry. Innovations are taking place for proper utilization of agro-residuals, which shall instead be used in the paper industry, and will further supplement farmer's income while also regulating pollution levels.

FINANCIAL PERFORMANCE AND ANALYSIS

Return on Capital Employed	%	6.31	5.23	20.68

RATIOS WHERE THERE HAS BEEN A SIGNIFICANT CHANGE AS COMPARED TO PREVIOUS YEAR

The repayment of Non-Current borrowings resulted in improvement in Debt Service coverage Ratio. The Inventory turnover ratio, Trade Receivables ratio, Trade Payable Ratio improved significantly during the year as the performance during the year was better in terms of production and sales volume. The Sales and margins for the last year were significantly impacted due to COVID -19.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has well defined internal control system that corresponds to the size, scope and complexities of its activities. The Company takes abundant care to design, review and monitor the working of its internal control system. Internal controls are also in place to guarantee that all assets are safeguarded and protected against loss due to unauthorised use or disposition, and that transactions are properly authorised, recorded, and reported. Internal Audit in the organization is an independent appraisal activity and it measures the efficiency, adequacy and effectiveness of other controls in the organization. All significant issues are brought to the attention of the Audit Committee of the Board.

HUMAN RESOURCE DEVELOPMENT AND INDUSTRIAL RELATIONS

The human resources development function of the Company is guided by a strong set of values and policies. Your Company strives to provide the best work environment with ample opportunities to grow and explore. Your company maintains a work environment that is free from any harassment. Company enjoys excellent relationship with its personnel and considers them as an essential part of the organization.

Development and well-being of people working for the Company has been a corner stone of the management policy. This is reflected through very low employees' turnover at all levels including workers, staff, officers and managers. Company lays special emphasis on staff training and retraining through internal workshops and also nominating staff/officers to various training programmes. The total number of permanent employees in the Company is 1299 as on 31st March, 2022. The employee relations continue to be cordial and harmonious at all the locations of the Company.

CORPORATE SOCIAL RESPONSIBILITY INITIATIVES

The discussion under this section includes the priorities and the cause that the company targets to aid through its CSR strategies. Through the year the company has managed to reach the underprivileged sections of the society through its initiatives in:

- 1) community welfare by distributing ration on the occasion of Diwali, re-furnishing local schools, sending food supplies to Jammu Kashmir border areas etc.
- 2) healthcare by organizing free eye checkup camps, blood donation camps, donating testing equipments etc.

OUTLOOK

The writing and printing industry faced maximum uncertainty during the last two years due to the pandemic. The industry was recovering from a severe economic downturn due to the first wave of the pandemic, till the second wave hit the country in April 2021. The dip in the performance of paper industry on account of the second wave though was not as severe as during the first wave in April/May 2020 due to the lockdowns and restrictions imposed at that time. After some recovery the industry was again adversely affected by the Omicron wave from November 2021 onwards due to a fall in the demand from educational sectors.

Although the performance of the paper industry has been significantly impacted by the pandemic, there are some positive developments. With the massive vaccination drive in the country, and the pandemic abating to a significant extent in the coming months, we are expecting a much better performance of the industry in FY 2022-23. The reopening of the educational institutions across the country should revive the demand for writing and printing paper segment. Implementation of National education policy (NEP) 2020 and Samagra Shiksha Scheme along with other measures by Indian Government in field of education should also significantly contribute to the demand for writing and printing paper. Hopefully with the pandemic situation improving, demand for paper will show a positive trend and surpass the pre-COVID levels during the year.

The conversion from plastic to paper is going to be biggest megatrend over the next decade for the paper industry as the paper is most eco-friendly. Also, with China clamping down on polluting industry, there is going to be a shift of paper manufacturing from China to other countries like India due to demographics, low cost and strong domestic demand.

Practising Company Secretary Certificate on Compliance with the condition of Corporate Governance

To
The Members
Shreyans Industries Ltd

We have examined the compliance of conditions of corporate governance by Shreyans Industries Limited (the company) for the year ended 31st March, 2022 as stipulated under the relevant provisions of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. ('Listing Regulations')

The compliance of conditions of corporate governance is the responsibility of the management. Our examination was limited to review of procedures and implementation thereof, adopted by the company, for ensuring the compliance of the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of corporate governance as stipulated in the above mentioned listing regulations, as applicable.

We further state that such compliance is neither an assurance as to the future viability of the company nor the efficiency or effectiveness with which the management has conducted the affairs of the company.

INDEPENDENT AUDITORS' REPORT

To

**The Members,
Shreyans Industries Limited**

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying financial statements of **Shreyans Industries Limited** ('the Company'), which comprise the Balance Sheet as at 31st March 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, Statement of Cash flows for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Corporate Governance report (but does not include the financial statements and our auditor's report thereon), which we obtained at the time of issue of this auditor's report and the Directors' Report including annexures, if any, thereon, which is expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form

of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Director's report including annexures, if any, thereon, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where

applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of sub section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit, we report, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance sheet, the statement of profit and loss (including other comprehensive income), statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.
 - e. On the basis of the written representations received from the directors as on 31st March 2022 taken on record by the Board of directors, none of the directors is disqualified as on 31st March 2022 from being appointed as a Director in terms of Section 164(2) of the Act;
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The company has disclosed the impact of pending litigations on its financial position in its Financial Statements. Refer Note 39 to the financial statements.
 - (ii) The company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses and,

- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- (iv) (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (ii) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (iii) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above contain any material misstatement.
- (v) (a) The final dividend proposed in the previous year, declared and paid by the company during the current year is in accordance with section 123 of the Act, to the extent it applies to payment of dividend.
- (b) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the managerial remuneration paid/ provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

Annexure- "A" to the Independent Auditors' Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Shreyans Industries Limited of even date)

- (i) In respect of the Company's Property, Plant and Equipment and Intangible Assets:
- a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of Right of use Assets.
- (B) The Company has maintained proper records showing full particulars of Intangible Assets.
- b) According to the information and explanations given to us, the Company has adopted a policy of physical verification of Property, Plant and Equipment once in block of every three years. The last verification of entire block of Property, Plant and Equipment was done in the year ended 31st March, 2021. Further in our opinion the frequency of physical verification of the Property, Plant and Equipment is reasonable having regard to the size of the Company and nature of its assets. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
- c) Based on our examination of the registered sale deed / transfer deed / conveyance deed provided to us. We report that, the title deeds of all the immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the company as at the date of balance sheet.
- d) The Company has not revalued any of its Property, Plant and Equipments (including right of use assets) and intangible assets during the year.
- e) Based on the information and explanations given to us, No Proceedings have been initiated during the year or are pending against the company as at 31st March 2022 for holding any benami property under Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) a) According to the information and explanations given to us, the inventories have been physically verified by the management at the reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate. No discrepancies of 10% or more in the aggregate for each class of inventory have been noticed on physical verification of inventories when compared with books of account.
- b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs 5 crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on our verification, quarterly returns or statements filed by the Company with such banks are in agreement with the books of accounts.
- (iii) According to the information and explanations given to us, we report that the Company has not made any

investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Therefore reporting under clause 3(iii) of the Order is not applicable to the Company.

- (iv) According to the information and explanations given to us, we report that the Company has not made any investments, provided any loan, guarantee or security as specified under section 185 and 186 of the Act. Therefore reporting under clause 3(iv) of the Order is not applicable to the Company.
- (v) According to the information and explanations given to us, the Company has complied with the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder. According to the information and explanation given to us, no order under its aforesaid sections has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal on the Company.
- (vi) We have broadly reviewed the cost records maintained by the company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act and are of the opinion that prima facie, the prescribed cost records have been made and

maintained. We have, however, not made a detailed examination of such records with a view to determine whether they are accurate or complete.

- (vii) (a) According to the information and explanations given to us and on the basis of the records of the Company examined by us, in our opinion, the Company has been regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income tax, duty of custom, value added tax, sales tax, cess, goods and service tax and other applicable statutory dues with the appropriate authorities.
- According to the information and explanations given to us, there were no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, duty of custom, value added tax, sales tax, cess, goods and service tax and any other statutory dues as on the last day of the financial year concerned for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and the records of the company examined by us, the details of statutory dues referred to in sub clause (a) above which have not been deposited as on 31st March 2022 on account of disputes are given below:

Name of the Statute	Nature of Dues	Disputed Amount (₹ in lakhs)	Amount deposited (₹ in lakhs)	Amount Unpaid (₹ in lakhs)	Period to which relates	Forum where dispute is pending.

- (viii) According to the information and explanations given to us and records of the company examined by us, there are no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) (a) According to the information and explanations given to us and records of the Company examined by us, the Company has not defaulted in repayment of loans or borrowings or in payment of interest thereon to any lender. Therefore reporting under clause 3(ix)(a) of the Order is not applicable to the company.
- (b) According to the information and explanations given

to us and on the basis of our audit procedure, the Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.

- (c) According to the information and explanations given to us, the Company has not taken any term loan during the year. Therefore reporting under clause 3 (ix)(c) of the Order is not applicable to the company.
- (d) On an overall examination of the financial statements of the Company, funds raised on short- term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) According to the information and explanations given to us,

- there is no subsidiary, associate or joint venture of the Company. Therefore reporting under clause 3(ix)(e) of the Order is not applicable to the company.
- (f) According to the information and explanations given to us, there is no subsidiary, associate or joint venture of the company. Therefore reporting under clause 3(ix) (f) of the Order is not applicable.
- (x) (a) In our opinion and according to the information and explanations given to us and records of the company examined by us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year. Therefore reporting under clause 3(x) (a) of the Order is not applicable to the company.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally convertible). Therefore reporting under clause 3(x)(b) of the Order is not applicable to the company.
- (xi) (a) According to the information and explanations given to us, no fraud by the Company and no fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) The Company has not received whistle blower complaints during the year. Therefore reporting under clause 3(xi)(c) of the Order is not applicable to the company.
- (xii) According to the information and explanations given to us, the company is not a Nidhi Company. Therefore reporting under clause 3(xii) of the order is not applicable to the company.
- (xiii) According to the information and explanations given to us, and based on our examinations of the records of the company, transactions with the related parties are in compliance with section 177 and section 188 of the Act, where applicable and the details of the transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv)(a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) According to information and explanations given to us, and based on our examination of the records of the company, the company has not entered into non-cash transactions with its directors or persons connected with him. Therefore reporting under clause 3(xv) of the order is not applicable to the company.
- (xvi)(a) According to information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Therefore reporting under clause 3(xvi)(a) of the Order is not applicable to the company.
- (b) Based on information and explanation given to us, the company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934; and therefore reporting under clause 3(xvi)(b) of the Order is not applicable.
- (c) Based on information and explanation given to us, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India, and therefore reporting under clause 3(xvi)(c) of the Order is not applicable.
- (d) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and therefore reporting under clause 3(xvi)(d) of the Order is not applicable to the company.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) According to information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) (a) On the basis of examination of records of the company, there are no unspent amounts towards Corporate Social Responsibility (CSR) on other than on-going projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act.
- (b) In respect of on-going projects, the Company has transferred unspent Corporate Social Responsibility (CSR) amount as at the end of the previous financial year, to a Special account within a period of 30 days from the end of the said financial year in compliance with the provision of section 135(6) of the Act.
- According to information and explanations given to us, there is no unspent amount in respect of on-going projects as at the end of current financial year.
- (xxi) The consolidated financial statements are not applicable to the company. Accordingly reporting under clause 3(xxii) of the Order is not applicable.

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Shreyans Industries Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial control over financial reporting of Shreyans Industries Limited ("the Company") as of 31st March, 2022 in conjunction with our audit of financial statements of company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over

financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2022**1 Corporate and General Information**

Shreyans Industries Limited ("the Company") is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The name of the company at its incorporation was Shreyans Paper Mills Ltd. and subsequently changed to Shreyans Industries Limited on 20th October 1992. The registered office of the company is situated at Village Bholapur, P.O. Sahabana, Chandigarh Road, Ludhiana-141123, Punjab.

The company is engaged in the manufacturing of Writing and Printing Paper. The Company caters to both domestic and international market. The equity shares of the Company are listed on National Stock Exchange of India Ltd (NSE) and Bombay Stock Exchange Limited (BSE).

The Board of Directors approved the Financial Statements for the year ended 31st March, 2022 and authorised for issue on 20th May 2022.

2 Significant accounting policies, significant accounting judgements, estimates and assumptions and applicability of new and revised Ind AS**Significant Accounting Policies****2.1 Statement of Compliance**

The financial statements have been prepared in accordance with Indian Accounting Standards and the provisions of the Companies Act, 2013 ("the Act") to the extent notified and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

2.2 Basis of preparation and presentation of financial statements

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on accrual basis except for certain financial assets and liabilities (including derivative instruments) which are measured at fair value at the end of each reporting period.

The following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value.

Historical Cost

Historical cost is based on the fair value of the consideration given in exchange of goods and services.

Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Entity uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 : Quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can assess at measurement date.
- Level 2 : Inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 : inputs are unobservable inputs for the asset or liability.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

Accounting policies have been consistently applied except where in newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Functional and Presentation currency

The functional currency of the Company is the Indian rupee. These financial statements are presented in Indian rupees. All amounts have been rounded-off to the nearest lakhs, up to two places of decimal, unless otherwise indicated.

2.3 Significant accounting policies**a) Revenue Recognition**

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for returns, trade allowances for deduction, rebates, goods and services tax and amounts collected on behalf of third parties.

Revenue from the sale of goods is recognised at the point in time when control of goods are transferred to the customer which is usually on dispatch / delivery.

Revenue recognition for major business activities:**i) Sale of Writing and Printing Paper and Soda Ash**

The Company derives revenue primarily from sale of Writing and Printing Paper and Soda Ash (from chemical recovery). Revenue from the sale of goods is recognised when control of the goods is passed to the buyer i.e. at the point of sale / delivery to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. Sale is net of sales returns, discounts and goods and services tax. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

ii) Export Incentives

The revenue in respect of export incentives is recognised on post export basis and it is reasonable to expect ultimate collection.

iii) Dividend

Dividend income from investment is recognized when the right to receive the payment is established and amount of dividend can be measured reliably.

iv) Interest**Interest from customer**

Interest income is recognised using when it is probable that economic benefit will flow to the company and the amount of income can be measured reliably and is accrued on a time basis by reference to the principal amount outstanding and at effective interest rate applicable.

Other Interest

Interest income is recognised using effective interest rate (EIR).

v) Insurance and other claims

Insurance and other claims are recognised when there exist no significant uncertainty with regard to the amount to be realized and the ultimate collection thereof.

b) Employee Benefits**i) Short Term Employee benefit:**

The short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised on an undiscounted accrual basis during the year when the employees render the services. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services.

Post Employment Plan**ii) Defined Contribution plan****Provident Fund:**

Employees receive benefit in the form of Provident fund which is a defined contribution plan. The company has no obligation, other than the contribution payable to the provident fund. The company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

iii) Defined Benefit Plan**Gratuity:**

The Company provides for gratuity, a defined benefit retirement plan "The gratuity plan" covering eligible employees. The gratuity plan provides for lump sum payment to vested employee at retirement, death, incapacitation or termination of employee of an amount based on the respective employees' salary and the tenure of employment with the company.

Liability with regard to Gratuity Plan is determined by actuarial valuation, performed by an independent actuary at each Balance sheet date using the project unit credit method.

The company fully contributes all ascertained liabilities to the SIL-Group Gratuity Trust. Trustees administer contributions made to the trust and Contributions are invested in a scheme with Life Insurance Corporation of India as permitted by Indian Law.

The Company recognises the net obligation of a defined plan in its Balance Sheet as an asset or liability. Re-measurements comprising of actuarial gains and losses, the effect of the asset ceiling (excluding amounts included in net interest on the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognised in Other Comprehensive Income which are not reclassified to profit or loss in subsequent periods. All other expenses related to defined benefit plans are recognised in employee benefits expense in the Statement of profit and loss.

iv) Other long term employee benefit**Compensated absences:**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the Balance Sheet date. The cost of providing benefits is determined using projected unit credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gain /loss are recognised in the statement of profit or loss in the period in which they occur.

c) Property, Plant and Equipment

Freehold land is stated at historical cost and not depreciated. All other items of Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment if any. The Cost of an item of Property, Plant and Equipment comprises:

- its purchase price net of recoverable taxes where applicable and any attributable expenditure (directly or indirectly) for bringing the asset to its working condition for its intended use and the borrowing costs for qualifying assets and the initial estimate of restoration cost if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.
- Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred.
- Initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, if any, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

An item of Property, Plant and Equipment and any significant part initially recognized is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset measured as the difference between the net disposal proceeds and the carrying amount of the asset is included in the income statement when the asset is derecognized.

The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets as prescribed under Part C of Schedule II of the Companies Act 2013 except the assets costing ₹5000/- or below on which depreciation is charged @ 100% per annum on proportionate basis, are as follows:

Building	-	30-60 years
Plant and Machinery	-	15-25 years
Office Equipment	-	5 years
Computer Equipment	-	3 years
Furniture and fittings	-	10 years
Vehicles excluding Motor cycles	-	08 years
Motor cycles	-	10 years

On transition to Ind-AS, the company has elected to continue with the carrying value of all the property, plant and equipment recognised as at 01 April, 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. The depreciation method, useful lives and residual value are reviewed periodically and at the end of each reporting period.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

d) Intangible assets

An Intangible asset is recognized when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets are initially stated at cost less accumulated amount of amortisation and impairment if any. Cost includes purchase price and all other direct expenses incurred to make the intangible asset ready for its intended use. Intangible assets are amortised over their respective individual estimated useful lives on a straight line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence etc. The amortization method, estimated useful lives are reviewed periodically and at end of each reporting period.

Intangible assets (Software) have been amortised on estimated useful life of six years.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in standalone statement of profit and loss as incurred.

The cost and related accumulated amortization are eliminated from standalone financial statements upon disposal or retirement of the assets and the resulted gain or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the standalone statement of profit and loss when the asset is derecognized.

On transition to Ind AS, the company has elected to continue with the carrying value of all intangible asset recognized as at 1st April, 2016, measured as per previous GAAP and use that carrying value as the deemed cost of intangible assets

e) Impairment of property, plant and equipment and Intangible assets

Property, plant and equipment and intangible assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU (Cash Generating unit) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

Impairment is reviewed periodically, including at each financial year end.

No impairment was identified in FY 2021-22 (FY 2020-21: Nil).

f) Inventories

Inventories of raw materials, stores and spares, work-in-progress and finished goods are valued at cost or net realisable value whichever is lower. The cost in respect of various items of inventories is computed as under:

- | | |
|--------------------------------|--|
| a) Raw Material and Components | First in First out method plus direct expenses |
| b) Stores and Spares | Weighted average method plus direct expenses |
| c) Work-in-progress | Cost of material plus Conversion cost depending upon the stage of completion. |
| d) Finished Goods | Cost of material plus conversion cost, packing cost, and other overheads incurred to bring the goods to their present conditions and location. |
| e) Material in Transit | Actual cost plus direct expenses to the extent incurred. |

Net Realisable Value is the estimated selling price in ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sales.

Obsolete stocks are identified at each reporting date on the basis of technical evaluation and are charged off to revenue.

g) Government Grants

The government grants are recognised only when there is a reasonable assurance of compliance that conditions attached to such grants shall be complied with and it is reasonably certain that the ultimate collection will be made.

Government grants related to revenue are recognised on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate.

Consequent to the amendment in Ind-AS 20 "Government Grants" w.e.f April 1, 2018, the Company has opted to continue and treat 'Government grant in relation to Property, plant and equipment' as deferred income and the same is recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

h) Borrowing costs

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalised as a part of cost of such asset. Qualifying asset is one that takes substantial period of time to get ready for its intended use. All other borrowing costs are recognised as expenditure in the period in which these are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange difference to the extent regarded as an adjustment to the borrowing cost.

i) Leases**The Company as a lessee**

The Company's lease asset classes primarily consist of leases for land and office building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases for which underlying asset is of low value. For these short-term and leases for which underlying asset is of low value, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the lessee's incremental borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

The Company as a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

j) Foreign currency transactions**Transaction and balances**

Transactions in foreign currency are initially recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Monetary items denominated in foreign currency are recognised using the closing exchange rate as on balance sheet date.

The non-monetary items that are measured in terms of historical cost in foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items or on reporting of monetary items at rates different from rates at which these were recognised on initial recognition during the period or reported in previous financial statements as recognised in the statement of profit or loss in the period in which they arise.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss, within finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.

k) Accounting for Taxes on income

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to when it relates to items recognized directly in equity or items recognised in other comprehensive income.

Current income tax for current period is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date.

A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred tax assets and deferred tax

liabilities have been offset as they are governed by the same taxation laws. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

l) Earnings per share

Basic earnings per share is computed by dividing the profit for the period attributable to equity shareholders of the company by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit for the period attributable to equity shareholder is divided by the weighted average number of shares outstanding during the period after adjusting for the effects of all dilutive potential equity shares, if any.

m) Dividend

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

l) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liability are recognised when the company entity becomes a party to the contractual provisions of its instruments.

i) Initial Recognition and measurement

All financial assets and liabilities are recognized at fair value on initial recognition. Transaction cost in relation to financial assets and financial liabilities other than those carried at fair value through profit or loss are added to the fair value on initial recognition.

Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are carried at fair value through profit or loss are immediately recognized in the statement of profit or loss.

ii) Subsequent measurement

➤ Non-derivative financial instruments

1. Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income is recognised in the standalone statement of profit and loss if instrument measured at fair value through other comprehensive income (FVOCI)

Investment in Equity Instruments measured at fair value through OCI

The company can make an irrevocable election for its investment which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

These elected investments are initially measured at fair value plus transaction cost, subsequently there are measured at fair value with gains and losses arising from changes in fair value recognized in Other Comprehensive Income and accumulated in the Reserve for equity instruments through Other Comprehensive Income. The cumulative gain or loss is not reclassified to the Statement of Profit or loss on disposal of the investments.

- The above election is not permitted if the equity investment is held for trading.

Dividend on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

3. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently measured at fair value through profit or loss.

4. Financial liabilities

The financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

➤ **Derivative financial instruments**

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these contracts is generally a bank.

Financial Asset or Financial Liability at fair value through Profit or Loss

Although the company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are charged to statement of profit and loss.

Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification will be made only if there will be a change in the business model for managing those assets.

➤ **Cash Flow Hedge**

The Company has not designated derivative financial instruments as cash flow hedges.

➤ **Equity Instruments:**

Equity instruments are any contract that evidences a residual interest in the assets of an equity after deducting all of its liabilities.

➤ **Equity Share capital**

Ordinary Shares

Equity shares issued by the company are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

iii) **Derecognition of financial instruments**

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

iv) **Offsetting**

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

v) **Fair value Measurement**

The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

o) **Impairment of financial assets**

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

p) **Segment reporting**

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the company's other components, and for which discrete financial information is available.

Segments are identified based on the manner in which the Company's Chief Operating Decision Maker ('CODM') decides about resource allocation and reviews performance.

q) **Cash flow statement**

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) – 7 “Statement of Cash flows” using the indirect method for operating activities.

r) **Cash and cash equivalent**

Cash and cash equivalent include cash in hand, balances with banks and short term deposits where the original maturity is three

months or less and which are subject to an insignificant risk of changes in value. Bank overdraft are included as a component of cash and cash equivalent for the purpose of statement of cash flow.

s) Provisions and Contingent Liabilities

Provisions

A provision is recognized if, as a result of past event, the company has a present obligation (legal or constructive) and reliable estimate can be made of the amount of the obligation and it is probable that an outflow of economic benefits will be required to settle the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent liability

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Contingent assets are neither recognised nor disclosed in the standalone financial statements since this may result in the recognition of income that may never be accrued/ realised.

2.4 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements in conformity with Indian Accounting Standards (Ind AS) require management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the date of the financial statement and reported amount of revenue and expense during the period.

Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcome requiring a material adjustment to the carrying amount of assets or liabilities in future period. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

i) Useful lives of property, plant and equipment

The estimated useful lives of property, plant and equipment are based on a number of factors including the effects of obsolescence, internal assessment of user experience and other economic factors (such as the stability of the industry, and known technological advances) and the level of maintenance expenditure required to obtain the expected future cash flows from the asset.

The Company reviews the useful life of property, plant and equipment at the end of each reporting date.

ii) Recoverable amount of property, plant and equipment

The recoverable amount of property plant and equipment is based on estimates and assumptions regarding the expected market outlook and expected future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

iii) Defined benefit plans

Employee benefit obligations are measured on the basis of actuarial assumptions including any changes in these assumptions that may have a material impact on the resulting calculations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future, salary increases, mortality rates and future pension increases. All assumptions are reviewed at each reporting date

iv) Recognition of deferred tax assets

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to signification adjustment to the amounts reported in financial statement.

v) Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claims/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy. The Company annually assesses such claims and monitors the legal environment on an ongoing basis, with the assistance of

external legal counsel, wherever necessary.

vi) Fair value measurement

Some of the company's assets and liabilities are measured at fair value for financial reporting process. In estimating the fair value of an asset or liability, the company uses market-observable data to the extent is available.

vii) Estimate of uncertainty relating to global health pandemic (COVID-19)

On account of COVID-19 pandemic the Company has made assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, intangible assets, right of use assets, investments, inventories and trade receivables as at the date of the balance sheet. The Company has considered internal and external sources of information for making said assessment. Basis the evaluation of the current estimates, the Company expects to recover the carrying amount of these assets and no material adjustments is required in the financial statements. Given the uncertainties associated with nature, condition and duration of COVID-19, the Company will closely monitor any material changes arising of the future economic conditions and any significant impact of these changes would be recognized in the financial statements as and when these material changes to economic condition arise.

2.5 Applicability of new and revised Ind AS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

- i) **Ind AS 16 - Property Plant and equipment** - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the standalone statement of profit and loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no significant impact on its standalone financial statements.
- ii) **Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets** - The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and there is no significant impact on its standalone financial statements.
- iii) **Ind AS 109 - Financial Instruments** - The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company has evaluated the amendment and there is no significant impact on its standalone financial statements.

3 Current - non-current classification

All assets and liabilities have been classified as current and non-current on the basis of the following criteria:

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realised within 12 months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or use to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

it is expected to be settled in the company's normal operating cycle;

- a) it is held primarily for the purpose of being traded;
- b) it is due to be settled within 12 months after the reporting date; or
- c) The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.
- d) Terms of a liability that could, at the option of the counterpart, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current

Operating cycle

Operating cycle is the time between the acquisition of assets for processing/servicing and their realization in cash or cash equivalents.

Note

I Nature and purpose of reserve

- a) **Capital reserve:** The amount of Capital profit on re-issue of forfeited shares is recognised as Capital Reserve.
- b) **Securities premium:** The amount received in excess of face value of the equity shares is recognised in Securities Premium. It can be utilized in accordance with the provisions of the Companies Act 2013, for issuance of bonus shares, to provide for premium on redemption of shares or debentures, write-off equity related expenses like underwriting costs etc
- c) **General Reserve:** General Reserves are the free reserves of the Company which are kept aside out of Company's profit to meet future requirement as and when they arise. The Company had transferred a portion of the profit after tax to General reserves pursuant

to the earlier provisions of the Companies Act '1956. Mandatory transfer to General Reserve is not required under the Companies Act' 2013.

d) **Retained earnings:** Retained earnings are the accumulated profit earned by the Company till date less transfer to General Reserve and payment of Dividend (including dividend distribution tax where applicable).

e) **Other Comprehensive Income:** The reserve represents cumulative gain and loss on remeasurement of defined benefit plan and return on plan assets (excluding amount included in net interest). The balance in the reserve can be transferred to retained earnings as and when the company decides to do so.

vii) The Principal assumptions used for the purpose of the Actuarial valuation are as follows

Discount rate (per annum)	7.13%	6.73%
Rate of increase in compensation levels (per annum)	7.00%	7.00%
Attrition rate	5.00%	5.00%
Method used	Projected unit credit	Projected unit credit
Mortality rates inclusive of provision for disability	IAL 2012-14 Ultimate	IAL 2012-14 Ultimate

The assumptions and methodology used in actuarial valuation are consistent with the requirements of Ind AS 19

viii) The estimates of future salary increases, considered in actuarial valuation take into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

ix) The plan typically exposes the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

Investment Risk

The Probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Interest risk

If the Discount Rate i.e the yield on the Government Bonds decrease in future, the Actuarial Liability will increase and vice versa. The quantum of increase in valuation liability corresponding to specific decrease in the Discount Rate and vice versa, has been shown in the annexure containing the sensitivity Analysis of Key Actuarial Assumption.

Longevity risk

If the Mortality rate experienced by the staff of a particular company is higher than what is assumed in mortality Table used in the valuation, the valuation liability will increase.

However, it will be very cumbersome to measure the quantum of increase for assumed reduction of Mortality rates as can be done in case of changes in salary Growth Rate and Interest Rate.

Salary risk

If the salary Growth Rate over the future years of services is increased, the Actuarial Liability will increase and vice versa. The quantum of increase in the valuation liability corresponding to specific increase in the salary growth rate and vice versa has been shown in the annexure containing Sensitivity Analysis of Key Actuarial Assumption.

55 Financial instruments and Risk management**i Capital management**

The capital structure of the Company consists of net debt (borrowings offset by cash and bank balances) and total equity of the Company. The Company manages its capital to ensure that the Company will be able to continue as going concern while maximising the return to stakeholders through an optimum mix of debt and equity within the overall capital structure.

The Company's management reviews its capital structure considering the cost of capital, the risks associated with each class of capital and the need to maintain adequate liquidity to meet its financial obligations when they become due. The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Accordingly the management and the Board of Directors periodically review and set prudent limit on overall borrowing limits of the Company.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's gearing ratio is as follows:

Particulars		(₹ in lakhs)	
		for the year ended 31st March 2022	for the year ended 31st March 2021

iii. Financial risk management

The principal financial assets of the Company include investments, loans, trade and other receivables, and cash and bank balances that derive directly from its operations. The principal financial liabilities of the company, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks and that advises on financial risks and the appropriate financial risk governance framework for the Company.

This note explains the risks which the company is exposed to and policies and framework adopted by the company to manage these risks:-

(A) Market risk management

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of Currency risk, Interest rate risk and other price risk.

a.1 Foreign currency risk management

The Company's functional currency is Indian Rupees (INR). The Company has exposure to foreign currency by way of trade payables/ trade receivables and is therefore exposed to foreign exchange risk. Volatility in exchange rates affects the Company's revenue from exports markets and the costs of imports, primarily in relation to raw materials with respect to the US-dollar

The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently the company is exposed to foreign currency risk and the results of the company may be affected as the rupee appreciates/ depreciates against foreign currencies. Foreign exchange risk arises from the future probable transactions and recognised assets and liabilities denominated in a currency other than company's functional currency.

The company measures the risk through a forecast of highly probable foreign currency cash flows and manages its foreign currency risk by hedging appropriately. The Company uses foreign exchange forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures.

Exposure to currency risk

The currency profile of financial assets and liabilities as at 31st March, 2022 and 31st March 2021, are as below:

Particulars	As at	As at
	31st March 2022	31st March 2021
	USD	USD
Exposure on account of financial Assets		
Trade Receivable/ Export Order (A)	-	2,83,409
Amount Hedged through forwards (B)	-	2,75,000
Net Exposure to Foreign Currency Assets (C=A-B)	-	8,409

Particulars	As at	As at
	31st March 2022	31st March 2021
	USD	USD
Exposure on Account of Financial Liabilities		
Trade Payable and Borrowings (D)	210,137	6,68,158
Amount Hedged through forwards (E)	-	-
Net Exposure to Foreign Currency Liabilities (F=D-E)	210,137	6,68,158
Net Exposure to Foreign Currency Assets/ (Liabilities) (C- F)	(210,137)	(6,59,749)

The following significant exchange rates applied are:-

Currency	2021-22	2020-21	2021-22	2020-21
	Year end rates		Average Exchange rates	
INR/USD	75.80	73.12	74.51	74.23

a.2 Foreign currency sensitivity analysis

Any changes in the exchange rate of USD against INR is not expected to have significant impact on the Company's profit due to the less exposure of these currencies. This analysis is based on the foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The impact on the Company's profit before tax due to change in the fair value of monetary assets and liabilities including foreign currency derivatives on account of reasonably possible change in USD exchange rates (with all other variables held constant) is as under.

Impact on Profit /Loss on account of :-	(₹ in lakhs)	
	As at 31st March 2022	As at 31st March 2021
5% Strengthening/ weakening of INR against USD	+/- 7.83	+/- 35.32

b) Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

As the Company has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements. The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

At the reporting date the interest rate profile of the Company's interest bearing financial instrument is at its fair value:

Particulars	(₹ in lakhs)	
	As at 31st March 2022	As at 31st March 2021
Variable rate instruments		
Long term borrowings	1525.07	2368.66
Current maturities of long term debt	860.00	860.00
Short term borrowings	1100.46	398.17

Cash flow sensitivity analysis for variable rate instruments

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. A change of 100 basis points in interest rates for variable rate instruments at the reporting date would have increased/(decreased) profit or loss by the amounts shown below. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Impact on Profit (loss) on account of :	(₹ in lakhs)	
	As at 31st March 2022	As at 31st March 2021
Increase/ decrease in 100 basis point	+/- 34.86	+/- 36.27

c) Other Price Risk

i) Equity investments

The company is exposed to price risk arising from equity investments. The company does not actively trade equity investments.

Equity investments are mainly held for strategic rather than trading purposes. Protection principle is given high priority by limiting company's investments top rated money market instruments only.

Equity price risk is related to change in market reference price of investments in equity shares held by the Company. The fair value of quoted investments held by the Company exposes it to equity price risks.

ii) Mutual fund investments

The Company manages the surplus funds majorly through investments in debt based and equity mutual fund schemes. The price of investment in these mutual fund Net Asset Value (NAV) declared by the Asset Management Company on daily basis is reflected by the movement in the NAV of invested schemes. The Company is exposed to price risk on such Investment schemes.

Mutual fund investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments. However, due to the very short tenor of the underlying portfolio in the liquid schemes, these do not hold any significant price risks.

c.1 Equity price sensitivity analysis

The Company is exposed to equity price risks arising from equity investments. Equity investments are held for strategic rather than trading purposes. However, the company aims to monetize this investment to reduce its overall leverage. Any adverse movement in the share price has an impact on its profitability and vice versa.

Sensitivity

Following is the sensitivity analysis as a result of the changes in fair value of equity investments (non current) measured at FVTPL, determined based on the exposure to equity price risks at the end of the reporting period.

If equity prices had been 5% higher/ lower, profits would increase/ (decrease) as follows for:

the year ended 31st March 2022 : by ₹42.65 lakhs

the year ended 31st March 2021 : by ₹4.90 lakhs

c.2 Mutual fund price sensitivity analysis

The sensitivity analysis has been determined based on Mutual Fund Investment at the end of the reporting period. If NAV had been 1% higher/lower, the profit for year ended 31st March 2022 would have increased/decreased by ₹ +/- 92.99 Lakhs (previous year: increase/decrease by ₹83.99 lakhs) as a result of the changes in fair value of mutual funds.

(B) Credit risk management

Credit risk arises from the possibility that a counter party's inability to settle its obligations as agreed in full and in time. The maximum exposure to credit risk in respect of Trade receivables and other financial assets is as under:-

a. Trade Receivables

The Company's trade receivables consists of a large and diverse base customers including State owned Enterprises. Hence the Company is not exposed to concentration and credit risk. The company also assesses the credit worthiness of the customers internally to whom goods are sold on credit terms in the normal course of business. Outstanding customer receivables are regularly monitored and any shipments to overseas customers are generally covered by letters of credit.

In determining the allowances for expected credit losses of trade receivables, the company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. In addition to this, Company provides for credit loss based on increase in credit risk on case to case basis. Management believes that the unimpaired amounts that are past due by more than 90 days are still collectible in full, based on historical payment behavior and analysis of customer credit risk

The following is the movement in the allowance for lifetime expected credit loss and revenues generated from top five customers of the company.

Particulars	(₹ in lakhs)	
	As at 31st March 2022	As at 31st March 2021
i) Reconciliation of allowance for lifetime expected credit loss		
As at beginning of the year	19.17	16.53
Allowance for doubtful receivables based on Expected Credit Loss (ECL)	15.85	2.76
Transfer to the statement of Profit and Loss	-	0.12
Balance at end of the year	35.02	19.17
ii) Revenue generated from top five customers.		
- Amount of Sales	19988.97	8374.58
- % of total sales of paper	39.10	25.66

Trade Receivables

Out of the Trade receivables, ₹2292.07 lakhs as at 31st March 2022 (₹1260.22 lakhs as at 31st March 2021) is due from the Company's major customers i.e. having more than 5% of total outstanding trade receivables.

The ageing analysis of trade receivables as of the reporting date is as follows:

	As at 31st March 2022	As at 31st March 2021
Ageing of trade receivables (net)		
Not Due	2498.13	1930.80
0 - 6 months past due	646.57	360.74
More than 6 months past due	74.71	321.85
Total Trade receivables	3219.41	2613.39

The maximum exposure to credit risk at the reporting date is the carrying value of trade receivables as disclosed at Note 10.

b. Other Financial Assets

The Company maintains exposure in cash and cash equivalents, time deposits with banks, investments in debt mutual funds. Investment of surplus funds are made only with approved counter parties. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

Write off policy

The financial assets are written off in case there is no reasonable expectation of recovering from the financial asset.

(C) Liquidity risk management

The objective of liquidity risk management is to maintain sufficient liquidity to meet financial obligations of the Company as they become due. The Company monitors rolling forecast of its liquidity position on the expected cash flows. The Company's approach is to ensure that it has sufficient liquidity or borrowing headroom to meet its obligations at all point in time. The Company manages the liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

The Company has access to various fund / non-fund based bank financing facilities. The amount of unused borrowing facilities (fund and non-fund based) available for future operating activities and to settle commitments as at 31st March 2022 ₹2375.34 lakhs (as at 31st March 2021 ₹3092.76 lakhs).

There were no transfers between Level 1 and 2 in the period. Sensitivity of Level 3 financial instruments are insignificant.

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

Investments in mutual funds: Fair value is determined by reference to quotes from the financial institutions, i.e. net asset value (NAV) for investments in mutual funds declared by mutual fund house. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuer will redeem such units for the investor.

Derivative contracts: The Company has entered into foreign currency contract(s) to manage its exposure to fluctuations in foreign exchange rates. These financial exposures are managed in accordance with the Company's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the Authorized Dealers Banks.

Quoted equity investments: Fair value is derived from quoted market prices in active markets.

Unquoted equity investments: Fair value is derived on the basis of net asset value approach, in this approach the net asset value is used to capture the fair value of these investments.

Return on investment (in %)	Income generated from invested funds	Time weighted average of investments	22.18	24.35	(8.90)

Reasons for variance more than 25% in above ratios is explained below:

The repayment of Non Current borrowings resulted in improvement in Debt Service coverage Ratio. The Inventory turnover ratio , Trade Receivables ratio , Trade Payable Ratio and Net Capital Turnover Ratio improved significantly during the year as the performance during the year was better in terms of production and sales volume.

The Sales and margins for the previous year were significantly impacted due to COVID -19. During the year, the situation has improved and accordingly, cash flows and turnover of the Company have improved as compared to the previous year and almost reached to pre-covid level.

63 Figures in bracket indicate deductions.

64 Previous year figures in the financial statements, including the notes thereto, have been reclassified wherever required to confirm to the current year presentation/classification.
