The results declared along with the Scrutinizer's report shall be placed on the Company's website [www.shreyansgroup.com](http://www.shreyansgroup.com) and on the website of CDSL and communicated to the Stock Exchanges.

**THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING ARE AS UNDER:**

- (i) The voting period begins on 27<sup>th</sup> August 2021 (09.00 A.M.) and ends on 30<sup>th</sup> August 2021 (05.00 P.M.). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 24<sup>th</sup> August 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed

entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

- (iv) In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

**CORPORATE REVIEW**

During the year under review, your Company has achieved a production of 73,758 MTs as against 88,307 MTs in the previous year. Total revenue of the Company was ₹386.96 crores against ₹546.33 crores of last year; Profit before interest & financial charges and depreciation stood at ₹35.97 crores. Net profit after tax stood at ₹8.77 crores against ₹31.96 crores of last year.

The global outbreak of COVID-19 and the consequent nationwide lockdown imposed by the Central/State Government from 25th March 2020, followed by multiple extensions in lockdown/restrictions had a major impact on the "Writing and Printing Paper" industry. We had to shut operations during the month of April 2020 in compliance with the directions issued by Central and State Government. The unfavorable market conditions along with highly volatile prices affected our operations and revenues during the year. Furthermore due to closure of all educational institutions during this period, the demand of Writing and Printing Paper and consequently revenues of the Company plummeted. There was a steep decline in scale of operations during the first two quarters of FY 2020-21. However, the Company during the COVID period had introduced various measures/steps in its attempt to partially offset the adverse financial impact arising out of these difficult times. These included optimization of various operational parameters resulting in saving of input costs and better operating parameters. Wholtime Directors of the Company took a significant cut in their remunerations. Marginal salary cuts were

also accepted by middle and senior management. All these cuts have been restored in the current financial year.

One salient feature of the operations of the Company during these difficult times was maintenance of sufficient liquidity in the system which stood us in good stead. Despite interruption in cash flow due to abnormal market conditions, Company was able to continue its investments in the necessary capital expenditure during the year which will result in improved working in coming years.

**PERFORMANCE REVIEW**

Our focus for the last few years has been on enhancement of our product quality and at the same time reduction in costs and increase in efficiencies. These initiatives were pursued with vigour during the year under review with significant positive results. The performance of both units of the Company is as follows:

**SHREYANS PAPERS**

Total production of paper in this unit was 42,784 MTs, which was lower as compared to last year level of 51,088 MTs due to reasons explained earlier. Capital expenditure planned during the current year includes commissioning of separate digester for woodchips to improve the quality of pulp and paper. New and more efficient Bleach Stage Washers were installed resulting improvements in terms of pulp consistency, increase in brightness, cost effectiveness and better environmental performance. A higher capacity captive power generation plant is also being commissioned to meet the entire requirements of electrical power at a much lower cost as compared to grid tariff. Besides above, capital expenditure towards balancing facilities and essential sustenance capital projects is undertaken on year to year basis.

**SHREE RISHABH PAPERS**

Total paper production in this unit was 30,974 MTs which was lower as compared to last year's production of 37,219 MTs due to reasons explained earlier. During the year a new Oxygen Delignification stage in the pulp mill was commissioned which resulted reduction in consumption of bleaching chemicals. Further, heated calenders to improve the surface properties of paper, Steam and Condensate system for process improvement and overall energy efficiency and additional Fluidized Bed Reactor for Chemical Recovery to meet the enhanced requirement of plant were also commissioned during the year.

**FINANCIAL REVIEW****EQUITY SHARE CAPITAL**

The paid up Equity Share Capital as on 31st March 2021 was ₹13.82 crores. During the year under review, the Company has neither issued any shares nor granted stock options and nor sweat equity.

**FINANCE**

An amount of ₹3.47 crores, out of existing term loan of ₹29.19 crores were repaid during the year. Fresh term loan for ₹7.13

crores have been availed during the year. Overall financial cost relating to borrowings has declined during the year.

**EXTERNAL CREDIT RATING**

During the year under review, CARE Ratings Limited has reviewed the external credit rating for the Long Term, Short term Bank facilities and Fixed Deposits of the company and has reaffirmed and assigned the rating. The facility wise rating is as under:

Facilities	Amount (₹/Cr)	Upgraded Rating
Long Term Bank Facilities	56.05	CARE A-; Stable [Single A minus; Outlook: Stable]
Short Term Bank Facilities	44.00	CARE A2+ [A two Plus]
Medium Term instruments- Fixed deposits	5.56	CARE A- [FD]; Stable [A minus (Fixed deposit)]; Outlook: Stable]] (assigned)

**PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS**

Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the Financial Statements.

**OTHER EQUITY**

The Company does not propose to carry any amount to any reserves.

**PROPOSED DIVIDEND**

During the year, the Company proposed dividend of ₹3/- per share, subject to Shareholders' approval in the ensuing Annual General Meeting. The Dividend so declared shall be taxable in the hands of members and the Company shall therefore be required to deduct Tax at Source [TDS] at the time of dividend payment as per the Income Tax Act, 1961, as amended by the Finance Act, 2020.

During the Financial Year 2020-21, unclaimed/unpaid dividend declared for Financial Year 2012-13 amounting to ₹5.26 lacs and corresponding 347,141 equity shares (whose dividend is unpaid/unclaimed for seven consecutive years) have been transferred to the Investor Education and Protection Fund [IEPF].

The unclaimed/unpaid dividend for Financial Year 2013-14 and corresponding shares whose dividend is unpaid/unclaimed for seven consecutive years/more to be transferred to the IEPF by 12th October 2021.

**DEPOSITS**

(ii) maximum during the year;	---	---
(iii) at the end of the year;	---	---
(d) The details of deposits which are not in compliance with the requirements of Chapter V of the Companies Act, 2013.	---	---

At the end of the year, fixed deposits from the public were outstanding to the tune of ₹5.93 crores. There were no overdue deposits as on 31st March 2021.

**FUTURE PLANS/PROSPECTS**

Details of proposed capital expenditure have been discussed while reviewing the performance of both the units. Capital expenditure planned will help the Company in improving its operations in terms of quality and operating parameters along with cost effectiveness.

Due to the Covid-19 pandemic since March 2020, the operations of the company have been disrupted. Both inward and outward supply chains have been affected, and are yet to recover fully. There has also been a severe demand compression due to the lockdown, closing down of educational institutions, commercial establishments and downstream printers, publishers, converters, stationery services. The growing cost of raw materials and significant cost increase of fuels and other inputs, coupled with lower prices for Writing and Printing Paper made it quite challenging for the company in terms of operations and revenues.

As discussed above, the year under review was marred by frequent closures due to lockdown and lack of demand from the market. However, in the 4th quarter, some pick-up in demand along with firming up of paper prices was seen in anticipation of a normal education session starting for the year 2021-22.

Unfortunately the conditions changed adversely from the month of March/April 2021 with onset of second wave of COVID-19 pandemic resulting in shut down of many sectors of Indian economy. Educational institutions still remain closed and demand of Writing and Printing Paper remains very subdued with significant fall in the prices of these varieties of paper. This has been further compounded by increase in prices of various inputs including fuel cost, resulting in further tightening of margins. However, with continued reduction in COVID-19 infections coupled with increase in pace of vaccination, your Board is hopeful that educational institutions should start opening up by 2nd or 3rd quarter of the current financial year. Education sector still remain a high priority area and is the biggest driver for demand of Writing and Printing Paper. Your Board is hopeful that current financial year will result in much better operational results of the Company barring unforeseen circumstances.

**NUMBER OF MEETINGS HELD**

The details of Board and Committee/other meetings held in Financial Year 2020-21 are given in the Corporate Governance Report.

#### **CORPORATE SOCIAL RESPONSIBILITY INITIATIVES**

The Company is supporting a local NGO for running a Charitable Eye Hospital, wherein significant financial help is provided by the Company. During the year under review substantial amounts were also paid to this NGO to set up additional capacity, including construction of a General Ward as an extension of the Hospital Building. During COVID-19 Pandemic also, Hospital continued to operate to provide quality eye care to the needy persons.

Viewing the Pandemic's effect on the country's health care sectors, in an attempt to help poor patients, the Company had contributed substantially towards the Government's efforts to combat Covid-19 challenges.

Shreyans values the importance of education and the education system. Therefore, the company in its effort to promote and enhance the same had taken up initiatives like distributing free of cost books & notebooks, sponsoring education for girl child etc. The company as part of its CSR projects had also taken up a few local schools which required construction of halls/rooms and construction of building for a dispensary in near by area.

The Company in its bid to support the surrounding areas provides firefighting services, as and when need arises, through its own fire tender and firefighting staff. Also, safety signs are put up by the company at various accident-prone areas.

Based on recommendation of CSR Committee, the Board of Directors of the Company has reviewed and adopted an amended CSR Policy at its Board Meeting held on 11th February 2021 which is line with amended provisions by MCA notification dated 22nd January 2021 and also incorporated changes in constitution of committee into CSR policy of the Company. The said policy may be referred to, at the Company's website at [http://shreyansgroup.com/upload/c1623665216\\_CSR\\_POLICY\\_Amended\\_11\\_05\\_2021.pdf](http://shreyansgroup.com/upload/c1623665216_CSR_POLICY_Amended_11_05_2021.pdf).

Annual Report on Corporate Social Responsibility [CSR] activities is appended as an **Annexure V**.

**CHANGE IN THE NATURE OF BUSINESS**

There is no change in the nature of business.

**IMPACT OF COVID-19**

The outbreak of the COVID-19 pandemic led to an unprecedented health crisis and disrupted economic activities and trade globally. During Financial Year 2020-21, the Government of India had imposed a stringent nationwide lockdown which severely impacted manufacturing activities. The Company suspended manufacturing activities at both the units for 25 days in April 2020. Although restrictions imposed by government were subsequently relaxed in a phased manner; but since the restrictions were imposed on educational institutions, both units operated at significantly below capacity. Demand for "Writing and Printing Paper" was affected as key consuming segments of publishers struggled to operate due to closure of educational institutions, working capital constraints, shortage of manpower and logistical issues.

The health and safety of our employees and the communities in which we operate and running our operations safely and efficiently so that we can continue to serve our customers, continue to be the first and foremost priority of the Company. As the outbreak spread in India, the Company initiated measure to safeguard the health, welfare and safety of all its employees across locations, including working from home, staggered shift timings to minimize exposure and continuous communication to re-enforce the importance of social distancing, safe working practices across our plants and general hygiene. The Company also remained focused on conserving cash and undertook measures to ensure adequate liquidity during the year under review.

Vaccination of employees remained a high priority area for the Company and steps were taken, right from the month of March 2021 in this regard. Almost all eligible employees have been given first dose of vaccine and Company plans to go ahead with coverage of all employees in shortest possible time.

**MATERIAL CHANGES**

There are no material changes or commitments affecting the financial position of the Company have occurred during the year under consideration, or after closure of the financial year till the date of this report. However, the operations for the current year FY 2021-22 are still being impacted due to restrictions imposed on the educational institutions like schools/colleges to open due to COVID-19.

**DETAILS OF SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS IMPACTING THE GOING CONCERN STATUS AND COMPANY'S OPERATIONS IN FUTURE**

There were no significant and material orders passed by the Regulators or Courts or Tribunals impacting the going concern status and Company's operations.

**DIRECTORS' RESPONSIBILITY STATEMENT**

In accordance with the provisions of Section 134(5) of the Companies Act, 2013, your directors confirm that:

- (a) In the preparation of the annual accounts, the applicable Indian Accounting Standards had been followed along with proper explanation relating to material departures;

**Annexure I****NOMINATION AND REMUNERATION POLICY**

The Key provisions of the Nomination and Remuneration policy are given below:

The guiding principle is that the remuneration and the other terms of employment shall be competitive in order to ensure that the Company can attract and retain competent Executives.

The Nomination and Remuneration policy for executives reflects the remuneration philosophy and principles of the Shreyans Group. When determining the remuneration policy and arrangements for Executive Directors/KMP's, the Nomination and Remuneration Committee shall consider pay and employment conditions with peers / elsewhere in the competitive market to ensure that pay structures are appropriately aligned and that levels of remuneration remain appropriate in this context.

The Committee while designing the remuneration package considers the level and composition of remuneration to be reasonable and sufficient to attract, retain and motivate the person to ensure the quality required to run the company successfully.

The Nomination and Remuneration Committee while considering a remuneration package must ensure a balanced approach reflecting short and long term performance objectives appropriate to the working of the company and its goals. The Committee shall consider that a successful remuneration policy must ensure that any increase in the remuneration package is linked to the achievement of corporate performance targets and a strong alignment of interest with stakeholders.

The Nomination and Remuneration policy is guided by common reward framework and set of principles and objectives as particularly envisaged under section 178 of the Companies Act 2013, inter alia principles pertaining to determining qualifications, positives attributes, integrity and independence etc.

Remuneration packages are designed to attract high-caliber executives in a competitive market and remunerate executives fairly and responsibly. The remuneration shall be competitive and based on the individual responsibilities and performance. Remuneration is designed to motivate delivery of our key business strategies, create a strong performance-orientated environment and reward achievement of meaningful targets over the short- and long-term.

Executive remuneration shall be proposed by the Committee and subsequently approved by the Board of Directors. Executive remuneration is evaluated annually against performance and a benchmark of other companies, which in size and complexity are similar to Shreyans. Benchmark information is obtained from recognized compensation service consultancies/other relevant sources. In determining packages of remuneration, the Committee may consult with the Chairman/ Managing Director as appropriate.

Information on the total remuneration of members of the Company's Board of Directors and KMPs shall be disclosed in the Company's Annual Report.

The Company may grant any advance salary/loan to employees of the Company at concessional/Nil interest rates as it deems fit subject to tax laws.

The Board may delegate the appointment and remuneration powers in case of Sr. Management Personnel (except KMPs and Directors) to the Chairman & Managing Director and/or Vice-Chairman & Managing Director and/or Executive Director and CEO by way of Board Resolution.

The appointment letters of all Sr. Management Personnel,

KMPs and Directors shall draw reference to the fact that the appointment and remuneration is in accordance with the Nomination and Remuneration Policy of the Company.

**FOR THE FINANCIAL YEAR ENDED 31<sup>st</sup> MARCH, 2021**  
[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

Shreyans Industries Limited

Vill. Bholapur, P. O. Sahabana

Chandigarh Road, Ludhiana-141123

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s Shreyans Industries Limited** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year 1st April, 2020 to 31st March, 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

1. I have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s Shreyans Industries Limited** ("the Company") for the financial year ended on 31st March, 2021 according to the provisions of:

- I. The Companies Act, 2013 (the Act) and the rules made there under;
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- IV. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; (Not Applicable as the Company has not issued any shares during the year under review)
  - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (Not

- (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (Not Applicable as the Company has not issued any shares/options to directors/employees under the said guidelines/regulations during the year under review)
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (Not Applicable as the Company has not issued Debt Securities during the Audit Period under review)
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; (Not Applicable as the Company is not registered as Registrar to Issue and Share Transfer agent during the Financial Year under review)

**MANAGEMENT DISCUSSIONS AND ANALYSIS**

Your Company is a public limited Company established in 1979 to manufacture Writing and Printing Paper with a capacity of 10,000 MTs per annum. The mill is located at Ahmedgarh, District Sangrur, [Punjab]. In 1994, your Company purchased the paper division of M/s Zenith Limited situated at village Banah, District S.B.S. Nagar in Punjab. After certain modifications in both the paper divisions, the combined present capacity for manufacture of Writing and Printing Paper stands at 94,000 MTs per annum.

India ranks as the 5th largest producer of paper in the world. However, the Indian Paper Industry accounts for a meagre 4% of global paper demand. Paper industry in the country is highly fragmented with over 750 mills across the country in varying sizes with capacity right from 10-15 MTs per day to 1000 MTs plus per day. While there is no official estimate of total installed capacity but as per data Collated by Indian Pulp and Paper Technical Association [IPPTA] the present capacity is estimated at 24 million tonnes per annum. Based on usage of raw material, Paper Mills are divided into three categories namely, wood-based, agro-based and waste paper based [recycled fiber]. Your Company uses agro residues, viz. wheat straw, sarkanda as the primary raw materials. Almost 80% of production comes out from waste paper based mills, while agro based mills contribute hardly 5%-6% and balance from wood based mills.

While Writing and Printing Paper contributes to about 30% - 35% of the total capacity, most of the production comes from industrial and packaging sector which accounts for more than 55% of total production. Newsprint is about 7% - 8% of total production while Specialities including tissue paper has very small percentage. The per-capita consumption of 14-15 kgs is significantly lower than the world average of around 57 kgs. This indicates the ample scope available for expansion of the Indian Paper Industry. The total paper consumption has grown at a CAGR of around 6.4% over last decade with none of the last ten years showing a decline in consumption demand and this momentum is likely to continue. The long-term demand outlook for the Indian paper industry remains favorable, driven by increasing literacy levels, growth in print media (particularly in the vernacular languages), higher government spending on education sector, changing urban lifestyles as well as economic growth. Given that these factors are likely to be sustained, the paper industry is likely to continue growing at a rate of 6-8% per annum in the medium to long term although there may be aberrant years given the cyclical nature of the industry. Also with new education policy, coming into effect and a gradual rise in education spend by the Government and increased thrust on education are likely to support demand for Writing and printing paper.

Indian Paper Industry went through one of its toughest phases in its history with Covid-19 affecting demand and disrupting the supply chain. Paper manufacturers encountered serious challenges in operating their units due to lack of orders, suffered huge reduction in capacity utilisation, eroding substantially the profitability of their units. This was more pronounced in the case of manufacturers of printing and writing grades whose of take fell sharply due to closure of schools, colleges and courts as well as from work-from home practices. However, Paper Industry has been witnessing signs of revival from Q4 of 2020-21 onwards, but second wave of COVID-19 infection has been a setback.

Previous year's figures have been regrouped for comparison with current year's presentation where ever necessary.

**KEY FINANCIAL RATIOS**

In accordance with the SEBI [Listing Obligations and Disclosure Requirements 2018] [Amendment] Regulations, 2018, the Company is required to give details of significant changes [change of 25% or more as compared to the immediately previous financial year] in key financial ratios. The Company has identified the following ratios as key financial ratios:

	Unit	Year ended 31 March 2021	Year ended 31 March 2020	% Change
Debt Equity Ratio	times	0.29	0.27	7.03
Current Ratio	"	1.42	1.47	(3.85)
Receivables Outstanding in Days to Sales	days	26.05	18.76	38.87
Inventory in days to Cost of goods sold	"	37.24	28.40	31.11
Interest Coverage Ratio	times	3.05	10.05	(69.95)
Operating Profit Margin	%	(1.78)	5.57	(131.87)
Net Profit Margin	%	2.76	5.77	(52.24)

**RATIOS WHERE THERE HAS BEEN A SIGNIFICANT CHANGE AS COMPARED TO PREVIOUS YEAR**

The unfavorable movements in the ratios during the FY 2020-21 as compared to FY 2019-20 are mostly attributed in to adverse market conditions. The drop in the margins and interest coverage ratio are mainly attributed to lower volumes and drop in realisations.

Higher receivables mainly on account of high sales in the month of March 2021 (represented in receivables) disproportionately higher compared to other months in FY 2020-21. The sales were more even in FY 2019-20. Inventory Turnover Ratio also increased due to higher Inventory at the end of current year, as compared to the previous year.

The Company registered lower profits in FY 2020-21 mainly on account of the Covid-19 related market disruptions and consequent lower volumes of production / sales and lower net sales realisations. The negative impact, arising out of significant drop in sales volumes and substantial reduction in Net Sales Realisations in the current year, as compared to previous year, was partially offset by the increase in fair value of Investments on mark to market basis.

**INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The Company has well defined internal control system. The Company takes abundant care to design, review and monitor the working of internal control system. Internal Audit in the organization is an independent appraisal activity and it measures the efficiency, adequacy and effectiveness of other controls in the organization. All significant issues are brought to the attention of the Audit Committee of the Board.

**HUMAN RESOURCE DEVELOPMENT AND INDUSTRIAL RELATIONS**

The human resources development function of the Company is guided by a strong set of values and policies. Your company strives to provide the best work environment with ample opportunities to grow and explore. Your company maintains a work environment that is free from any harassment. Company enjoys excellent relationship with its personnel and considers them as an essential part of the organization.

Development and well-being of people working for the Company has been a corner stone of management policy. This is reflected through very low employees' turnover at all levels including workers, staff, officers and managers. Company lays special emphasis on staff training and retraining through internal workshops and also nominating staff/officers to various training programmes. As on 31st March 2021, Company has 1301 employees consisting of 102 managers, 312 staff/officers and 887 workers.

**CORPORATE SOCIAL RESPONSIBILITY INITIATIVES**

Company is supporting a local NGO for running a Charitable Eye Hospital, wherein significant financial help is provided by the Company. During the year under review substantial amounts were also paid to this NGO to set up additional capacity, including construction of a General Ward as an extension of the Hospital. During COVID-19 pandemic also, Hospital continued to operate to provide quality eye care to the needy persons.

Viewing the pandemic's effect on the country's health care sectors, in an attempt to help poor patients, the Company had contributed substantially towards the Government's efforts to combat Covid-19 challenges.

**OUTLOOK**

Paper Industry which was one of the worst hit in the wake of the COVID-19 pandemic, has been witnessing signs of revival from Q4 of 2020-21 onwards. However, the escalating second wave of COVID-19 infection poses serious down-side risks to the economy and heightens the possibility of business disruptions. Indian Paper Industry went through one of its toughest phases in its history with Covid-19 affecting demand and disrupting the supply chain. Paper manufacturers encountered serious challenges in operating their units due to lack of orders, suffered huge reduction in capacity utilisation, eroding substantially the profitability of their units. This was more pronounced in the case of manufacturers of printing and writing grades whose of take fell sharply due to closure of schools, colleges and courts as well as from work-from home practices. Paper Industry's growth, generally, mirrors the growth in the economy and hence an early economic recovery is a pre-requisite for paper industry's revival of fortunes.

The biggest driver of writing and printing paper in our country is education sector. Government through various initiatives is investing a lot in efforts and resources to reach the last mile to improve the literacy rate in the country through initiatives, like Sarva Shiksha Abhiyan [Education For All] and 'Beti Padhao Beti Bachao'. Demand of paper for this sector is growing at a reasonable rate despite the fact that worldwide consumption of writing and printing paper is declining due to digitization and more emphasis on On-Line education.

With the ongoing vaccination program in India and with people now adapting to Covid-19 norms and environment, it is expected that the sales of Writing and printing paper will witness an uptick during FY22 on year to year basis backed by better paper demand and increase in its prices. The education institutions are likely to begin upcoming academic sessions (around June 2021) physically at least for higher class students if not for all the students. Physical study sessions for higher class students have been witnessed in the past few months as well. This is expected to result in better demand for printing & writing paper. Considering these factors, the demand for paper is expected to improve by Q2 FY22.

**INDEPENDENT AUDITORS' REPORT**

To  
The Members,  
Shreyans Industries Limited

**Report on the Audit of the Financial Statements****Opinion**

We have audited the accompanying financial statements of **Shreyans Industries Limited** ('the Company'), which comprise the Balance Sheet as at 31st March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash flows for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2021, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

**Other Information**

The Board of Directors is responsible for the other information. The other information comprises the information included in the company's annual report, (but does not include the financial statements and our auditors' report thereon).

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical

requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of sub section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit, we report, that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c. The Balance sheet, the statement of profit and loss (including other comprehensive income), statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
  - d. In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
  - e. On the basis of the written representations received from the directors as on 31st March 2021 taken on record by the Board of directors, none of the directors is disqualified as on 31st March 2021 from being appointed as a Director in terms of Section 164(2) of the Act.
  - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control over financial reporting.
  - g. With respect to the matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act.  
In our opinion and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
  - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - (i) The company has disclosed the impact of pending litigations on its financial position in its Financial Statements. Refer Note 37 to the financial statements.

- (ii) The company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses and,
- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**Annexure - "B" to the Independent Auditors' Report**

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Shreyans Industries Limited of even date)

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial control over financial reporting of Shreyans Industries Limited ("the Company") as of 31st March, 2021 in conjunction with our audit of financial statements of company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These

responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with respect to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these financial statements.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial

statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these financial statements**

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2021****1 Corporate and General Information**

Shreyans Industries Limited ("the Company") is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The name of the company at its incorporation was Shreyans Paper Mills Ltd. and subsequently changed to Shreyans Industries Limited on 20th October 1992. The registered office of the company is situated at Village Bholapur, P.O. Sahabana, Chandigarh Road, Ludhiana-141123, Punjab.

The company is engaged in the manufacturing of Writing and Printing Paper. The Company caters to both domestic and international market. The equity shares of the Company are listed on National Stock Exchange of India Ltd (NSE) and Bombay Stock Exchange Limited (BSE).

The Board of Directors approved the Financial Statements for the year ended 31st March, 2021 and authorised for issue on 11th May, 2021.

**2 Significant accounting policies, significant accounting judgements, estimates and assumptions and applicability of new and revised Ind AS****Significant Accounting Policies****2.1 Statement of Compliance**

The financial statements have been prepared in accordance with Indian Accounting Standards and the provisions of the Companies Act, 2013 ('the Act') to the extent notified and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

**2.2 Basis of preparation of financial statements**

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on accrual basis except for certain financial assets and liabilities (including derivative instruments) which are measured at fair value.

The following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value.

**Historical Cost**

Historical cost is based on the fair value of the consideration given in exchange of goods and services.

**Fair Value Measurement**

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Entity uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 : Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

Accounting policies have been consistently applied except where in newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

**Functional and Presentation currency**

The functional currency of the Company is the Indian rupee. These financial statements are presented in Indian rupees. All amounts have been rounded-off to the nearest lakhs, up to two places of decimal, unless otherwise indicated.

**2.3 Significant accounting policies****a) Revenue Recognition**

The Company derives revenue primarily from sale of Writing and Printing Paper and Soda Ash (from chemical recovery).

Effective April 1, 2018, the Company adopted Ind AS 115 'Revenue from Contracts with Customers'. First time adoption has been conducted retrospectively with cumulative effect of initially applying this standard as on the transition date. The effect on the transition to Ind AS 115 was significant.

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for returns, discounts, value added taxes and amounts collected on behalf of third parties.

Revenue from the sale of goods is recognised at the point in time when control of goods are transferred to the customer which is usually on dispatch / delivery.

**i) Sale of Writing and Printing Paper and Soda Ash**

Revenue is recognized as and when Writing and Printing Paper and Soda Ash is sold. Revenue from the sale of Writing and Printing Paper, Soda Ash and Traded Goods is recognised when control of the goods is passed to the buyer i.e. at the point of sale / delivery to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. Sale is net of sales returns, discounts and goods and services tax.

**ii) Export Incentives**

The revenue in respect of export benefits is recognised on post export basis and it is reasonable to expect ultimate collection.

**iii) Dividend**

Dividend Income from investments is recognized when the right to receive the payment is established and amount of dividend can be measured reliably.

**iv) Interest****Interest from customer**

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

**Other Interest**

Interest income is recognised using effective interest rate (EIR).

**v) Insurance and other claims**

Insurance and other claims are recognized when there exist no significant uncertainty with regard to the amount to be realized and the ultimate collection thereof.

**b) Employee Benefits****i) Short Term Employee benefit:**

The short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised on an undiscounted accrual basis during the year when the employees render the services. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related services.

**Post Employment Plan****ii) Defined Contribution plan****Provident Fund:**

Employees receive benefit in the form of Provident fund which is a defined contribution plan. The company has no obligation, other than the contribution payable to the provident fund. The company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

**iii) Defined Benefit Plan****Gratuity:**

The Company provides for gratuity, a defined benefit retirement plan "The gratuity plan" covering eligible employees. The gratuity plan provides for lump sum payment to vested employee at retirement, death, incapacitation or termination of employee of an amount based on the respective employees' salary and the tenure of employment with the company.

Liability with regard to Gratuity Plan is determined by actuarial valuation, performed by an independent actuary at each Balance sheet date using the project unit credit method.

The company fully contributes all ascertained liabilities to the SIL-Group Gratuity Trust. Trustees administer contributions made to the trust and Contributions are invested in a scheme with Life Insurance Corporation of India as permitted by Indian Law.

The Company recognises the net obligation of a defined plan in its Balance Sheet as an asset or liability. Re-measurements comprising of actuarial gains and losses, the effect of the asset ceiling (excluding amounts included in net interest on the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are recognised in Other Comprehensive Income which are not reclassified to profit or loss in subsequent periods. All other expenses related to defined benefit plans are recognised in employee benefits expense in the Statement of profit and loss.

**iv) Other long term employee benefit****Compensated absences:**

Compensated absences which are not expected to occur within twelve months after the end of the period in which the

employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the Balance Sheet date. The cost of providing benefits is determined using projected unit credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gain /loss are recognised in the statement of profit or loss in the period in which they occur.

**c) Property, Plant and Equipment**

Freehold land is stated at cost and not depreciated. All other items of Property, plant and equipment are stated at cost less accumulated depreciation and impairment if any. The Cost of an item of Property, Plant and Equipment comprises:

- a) its purchase price net of recoverable taxes where applicable and any attributable expenditure (directly or indirectly) for bringing the asset to its working condition for its intended use.
- b) Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred.
- c) Initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, if any, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets as prescribed under Part C of Schedule II of the Companies Act 2013 except the assets costing ₹5000/- or below on which depreciation is charged @ 100% per annum on proportionate basis, are as follows:

Building	-	30-60	years
Plant and Machinery	-	15-25	years
Office Equipment	-	5	years
Computer Equipment	-	3	years
Furniture and fittings	-	10	years
Vehicles excluding Motor cycles	-	08	years
Motor cycles	-	10	years

On transition to Ind-AS, the company has elected to continue with the carrying value of all the property, plant and equipment recognised as at 01 April, 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. The depreciation method, useful lives and residual value are reviewed periodically and at the end of each reporting period.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the statement of profit and loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

**d) Intangible assets**

Intangible assets are stated at cost less accumulated amount of amortisation and impairment if any. Cost includes purchase price and all other direct expenses incurred to make the intangible asset ready for its intended use. Intangible assets are amortised over their respective individual estimated useful lives on a straight line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence etc. The amortization method, estimated useful lives are reviewed periodically and at end of each reporting period.

Intangible assets (Software) have been amortised on estimated useful life of six years.

**e) Impairment of property, plant and equipment and Intangible assets**

Property, plant and equipment and intangible assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU (Cash Generating unit) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

Impairment is reviewed periodically, including at each financial year end.

**f) Inventories**

Inventories of raw materials, stores and spares, work-in-progress and finished goods are valued at cost or net realisable value whichever is lower. The cost in respect of various items of inventories is computed as under:

a) Raw Material and Components	First in First out method plus direct expenses
b) Stores and Spares	Weighted average method plus direct expenses
c) Work-in-progress	Cost of material plus Conversion cost depending upon the stage of completion.
d) Finished Goods	Cost of material plus conversion cost, packing cost, and other overheads incurred to bring the goods to their present conditions and location.
e) Material in Transit	Actual cost plus direct expenses to the extent incurred.

Net Realisable Value is the estimated selling price in ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sales.

**g) Government Grants**

The government grants are recognised only when there is a reasonable assurance of compliance that conditions attached to such grants shall be complied with and it is reasonably certain that the ultimate collection will be made.

Government grants related to revenue are recognised on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate.

Consequent to the amendment in Ind-AS 20 "Government Grants" w.e.f April 1, 2018, the Company has opted to continue and treat 'Government grant in relation to Property, plant and equipment' as deferred income and the same is recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

**h) Borrowing costs**

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalised as a part of cost of such asset. Qualifying asset is one that takes substantial period of time to get ready for its intended use. All other borrowing costs are recognised as expenditure in the period in which these are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange difference to the extent regarded as an adjustment to the borrowing cost.

**i) Leases**

**Policy applicable before April 1, 2019**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

**The Company as lessee**

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue

**The Company as lessor**

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

**Policy applicable after April 1, 2019**

**The Company as a lessee**

Effective April 1, 2019, the Company has adopted Ind AS 116 "Leases", applied to lease contracts existing on April 1, 2019' using the modified retrospective method along with the transition option to recognise Right-of-Use asset (ROU) at an amount equal to the lease liability. In respect of all Operating leases ending within 12 months of the date of initial application, the company has elected to account for such leases as short term lease and has recognised the lease payments as rental expense.

The Company's lease asset classes primarily consist of leases for land and office building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases for which underlying asset is of low value. For these short-term and leases for which underlying asset is of low value, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in

circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the lessee's incremental borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

**The Company as a lessor**

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

**j) Foreign currency transactions**

**Transaction and balances**

Transactions in foreign currency are initially recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Monetary items denominated in foreign currency are recognised using the closing exchange rate as on balance sheet date.

The non-monetary items that are measured in terms of historical cost in foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items or on reporting of monetary items at rates different from rates at which these were recognised on initial recognition during the period or reported in previous financial statements as recognised in the statement of profit or loss in the period in which they arise.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss, within finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.

**k) Accounting for Taxes on income**

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to when it relates to items recognized directly in equity or items recognised in other comprehensive income.

Current income tax for current period is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date.

A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred tax assets and deferred tax liabilities have been offset as they are governed by the same taxation laws.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

**l) Earnings per share**

Basic earnings per share is computed by dividing the profit for the period attributable to equity shareholders of the company by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit for the period attributable to equity shareholder is divided by the weighted average number of shares outstanding during the period after adjusting for the effects of all dilutive potential equity shares, if any.

**m) Dividend**

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

**n) Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of

another entity.

Financial assets and financial liability are recognised when the company entity becomes a party to the contractual provisions of its instruments.

**i) Initial Recognition and measurement**

All financial assets and liabilities are recognized at fair value on initial recognition. Transaction cost in relation to financial assets and financial liabilities other than those carried at fair value through profit or loss are added to the fair value on initial recognition.

Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are carried at fair value through profit or loss are immediately recognized in the statement of profit or loss.

**ii) Subsequent measurement**

➤ **Non-derivative financial instruments**

**1. Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**2. Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Investment in Equity Instruments measured at fair value through OCI**

The company can make an irrevocable election for its investment which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

These elected investments are initially measured at fair value plus transaction cost, subsequently these are measured at fair value with gains and losses arising from changes in fair value recognized in Other Comprehensive Income and accumulated in the Reserve for equity instruments through Other Comprehensive Income. The cumulative gain or loss is not reclassified to the Statement of Profit or loss on disposal of the investments.

- The above election is not permitted if the equity investment is held for trading.

Dividend on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

**3. Financial assets at fair value through profit or loss**

A financial asset which is not classified in any of the above categories is subsequently measured at fair value through profit or loss.

**4. Financial liabilities**

The financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

➤ **Derivative financial instruments**

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counter party for these contracts is generally a bank.

**Financial Asset or Financial Liability at fair value through Profit or Loss**

Although the company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are charged to statement of profit and loss.

➤ **Cash Flow Hedge**

The Company has not designated derivative financial instruments as cash flow hedges.

➤ **Equity Instruments:**

Equity instruments are any contract that evidences a residual interest in the assets of an equity after deducting all of its liabilities.

➤ **Equity Share capital**

**Ordinary Shares**

Equity shares issued by the company are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

**iii) Derecognition of financial instruments**

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

**iv) Offsetting**

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

**v) Fair value Measurement**

The fair value of financial instruments is determined using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

**o) Impairment of financial assets**

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

**p) Segment reporting**

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the company's other components, and for which discrete financial information is available.

**q) Cash flow statement**

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) – 7 “Statement of Cash flows” using the indirect method for operating activities.

**r) Cash and cash equivalent**

Cash and cash equivalent include cash in hand, balances with banks and short term deposits where the original maturity is three months or less and which are subject to an insignificant risk of changes in value. Bank overdraft are included as a component of cash and cash equivalent for the purpose of statement of cash flow.

**s) Provisions and Contingent Liabilities****Provisions**

A provision is recognized if, as a result of past event, the company has a present obligation (legal or constructive) and reliable estimate can be made of the amount of the obligation and it is probable that an outflow of economic benefits will be required to settle the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

**Contingent liability**

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

**2.4 Significant accounting judgements, estimates and assumptions**

The preparation of the financial statements in conformity with Indian Accounting Standards (Ind AS) require management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the date of the financial statement and reported amount of revenue and expense during the period.

Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcome requiring a material adjustment to the carrying amount of assets or liabilities in future period.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

**i) Useful lives of property, plant and equipment**

The estimated useful lives of property, plant and equipment are based on a number of factors including the effects of obsolescence, internal assessment of user experience and other economic factors (such as the stability of the industry, and known technological advances) and the level of maintenance expenditure required to obtain the expected future cash flows from the asset.

The Company reviews the useful life of property, plant and equipment at the end of each reporting date.

**ii) Recoverable amount of property, plant and equipment**

The recoverable amount of property plant and equipment is based on estimates and assumptions regarding the expected market outlook and expected future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

**iii) Defined benefit plans**

Employee benefit obligations are measured on the basis of actuarial assumptions including any changes in these assumptions that may have a material impact on the resulting calculations.

**iv) Recognition of deferred tax assets**

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to signification adjustment to the amounts reported in financial statement.

**v) Contingencies**

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claims/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy. The Company annually assesses such claims and monitors the legal environment on an ongoing basis, with the assistance of external legal counsel, wherever necessary.

**vi) Fair value measurement**

Some of the company's assets and liabilities are measured at fair value for financial reporting process. In estimating the fair value of an asset or liability, the company uses market-observable data to the extent is available.

**vii) Estimate of uncertainty relating to global health pandemic (COVID-19)**

On account of COVID-19 pandemic the Company has made assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, intangible assets, right of use assets, investments, inventories and trade receivables as at the date of the balance sheet. The Company has considered internal and external sources of information for making said assessment. Basis the evaluation of the current estimates, the Company expects to recover the carrying amount of these assets and no material adjustments is required in the financial statements. Given the uncertainties associated with nature, condition and duration of COVID-19, the Company will closely monitor any material changes arising of the future economic conditions and any significant impact of these changes would be recognized in the financial statements as and when these material changes to economic condition arise.

#### Note

##### I Nature and purpose of reserve

- a) **Capital reserve:** The amount of capital profit on re-issue of forfeited shares is recognised as Capital Reserve.
- b) **Securities premium account:** The amount received in excess of face value of the equity shares is recognised in Securities Premium. It can be utilized in accordance with the provisions of the Companies Act 2013, for issuance of bonus shares, to provide for premium on redemption of shares or debentures, write-off equity related expenses like underwriting costs etc
- c) **General Reserve:** General Reserves are the free reserves of the Company which are kept aside out of Company's profit to meet future requirement as and when they arise. The Company had transferred a portion of the profit after tax to General reserves pursuant to the earlier provisions of the Companies Act '1956. Mandatory transfer to General Reserve is not required under the Companies Act 2013.
- d) **Retained earnings:** Retained earnings are the accumulated profit earned by the Company till date less transfer to General Reserve and payment of Dividend (including dividend distribution tax where applicable).
- e) **Other Comprehensive Income:** The reserve represents cumulative gain and loss on remeasurement of defined benefit plan and return on plan assets (excluding amount included in net interest). The balance in the reserve can be transferred to retained earnings as and when the company decides to do so.

**vii) The Principal assumptions used for the purpose of the Actuarial valuation are as follows**

Discount rate (per annum)	6.73%	6.66%
Rate of increase in compensation levels (per annum)	7.00%	7.00%
Attrition rate	5.00%	5.00%
Method used	Projected unit credit	Projected unit credit
Mortality rates inclusive of provision for disability	IAL 2012-14 Ultimate	IAL 2012-14 Ultimate

The assumptions and methodology used in actuarial valuation are consistent with the requirements of Ind AS 19

**viii) The estimates of future salary increases, considered in actuarial valuation take into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.**

**ix) The plan typically exposes the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.**

**Investment Risk**

The Probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

**Interest risk**

If the Discount Rate i.e the yield on the Government Bonds decrease in future, the Actuarial Liability will increase and vice versa. The quantum of increase in valuation liability corresponding to specific decrease in the Discount Rate and vice versa, has been shown in the annexure containing the sensitivity Analysis of Key Actuarial Assumption.

**Longevity risk**

If the Mortality rate experienced by the staff of a particular company is higher than what is assumed in mortality Table used in the valuation, the valuation liability will increase.

However, it will be very cumbersome to measure the quantum of increase for assumed reduction of Mortality rates as can be done in case of changes in salary Growth Rate and Interest Rate.

**Salary risk**

If the salary Growth Rate over the future years of services is increased, the Actuarial Liability will increase and vice versa. The quantum of increase in the valuation liability corresponding to specific increase in the salary growth rate and vice versa has been shown in the annexure containing Sensitivity Analysis of Key Actuarial Assumption.

## 55 Financial instruments and Risk management

### i Capital management

The capital structure of the Company consists of net debt (borrowings offset by cash and bank balances) and total equity of the Company. The Company manages its capital to ensure that the Company will be able to continue as going concern while maximising the return to stakeholders through an optimum mix of debt and equity within the overall capital structure.

The Company's management reviews its capital structure considering the cost of capital, the risks associated with each class of capital and the need to maintain adequate liquidity to meet its financial obligations when they become due. The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Accordingly the management and the Board of Directors periodically review and set prudent limit on overall borrowing limits of the Company.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's gearing ratio is as follows:

**iii. Financial risk management**

The principal financial assets of the Company include investments, loans, trade and other receivables, and cash and bank balances that derive directly from its operations. The principal financial liabilities of the company, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks and that advises on financial risks and the appropriate financial risk governance framework for the Company.

This note explains the risks which the company is exposed to and policies and framework adopted by the company to manage these risks:-

**(A) Market risk management**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices.

Market risk comprises of Currency risk, Interest rate risk and other price risk.

**a.1 Foreign currency risk management**

The Company is exposed to foreign currency risk arising mainly on import (of raw materials and capital items) and export (of finished goods). The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently the company is exposed to foreign currency risk and the results of the company may be affected as the rupee appreciates/ depreciates against foreign currencies. Foreign exchange risk arises from the future probable transactions and recognised assets and liabilities denominated in a currency other than company's functional currency.

The company measures the risk through a forecast of highly probable foreign currency cash flows and manages its foreign currency risk by hedging appropriately. The Company uses foreign exchange forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures.

The following table analyses the foreign currency risk from monetary assets and liabilities:

Particulars	As at	As at
	31st March 2021	31st March 2020
	USD	USD
<b>Exposure on account of financial Assets</b>		
Trade Receivable/ Export Order (A)	2,83,409	3,50,000
Amount Hedged through forwards (B)	2,75,000	3,50,000
Net Exposure to Foreign Currency Assets (C=A-B)	8,409	-
<b>Exposure on Account of Financial Liabilities</b>		
Trade Payable and Borrowings (D)	6,68,158	1,006,657
Amount Hedged through forwards (E)	-	-
Net Exposure to Foreign Currency Liabilities (F=D-E)	6,68,158	1,006,657
<b>Net Exposure to Foreign Currency Assets/ (Liabilities) (C- F)</b>	<b>(6,59,749)</b>	<b>(1,006,657)</b>

The following significant exchange rates applied are:-

Currency	2020-21	2019-20	2020-21	2019-20
	Year end rates		Average Exchange rates	
INR/USD	73.12	75.37	74.23	71.09

**a.2 Foreign currency sensitivity analysis**

Any changes in the exchange rate of USD against INR is not expected to have significant impact on the Company's profit due to the less exposure of these currencies. Accordingly, a 5% appreciation/depreciation of the INR as indicated below, against the USD would have increased/reduced profit by the amounts shown below. This analysis is based on the foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The impact on the Company's profit before tax due to change in the fair value of monetary assets and liabilities including foreign currency derivatives on account of reasonably possible change in USD exchange rates (with all other variables held constant).

(₹ in lakhs)

Impact on Profit /Loss on account of :-	As at	As at
	31st March 2021	31st March 2020
5% Strengthening/ weakening of USD against INR	+/- 35.32	+/- 48.22

**b) Interest rate risk management**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

As the Company has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements. The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

At the reporting date the interest rate profile of the Company's interest bearing financial instrument is at its fair value:

Particulars	(₹ in lakhs)	
	As at 31st March 2021	As at 31st March 2020
<b>Variable rate instruments</b>		
Long term borrowings	2337.59	2491.78
Current maturities of long term debt	860.00	330.61
Short term borrowings	398.17	1717.52

**Cash flow sensitivity analysis for variable rate instruments**

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. A change of 100 basis points in interest rates for variable rate instruments at the reporting date would have increased/(decreased) profit or loss by the amounts shown below. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Impact on Profit (loss) on account of :	(₹ in lakhs)	
	As at 31st March 2021	As at 31st March 2020
Increase/ decrease in 100 basis point	+/- 35.96	+/- 48.31

**c) Other Price Risk****i) Equity investments**

The company is exposed to price risk arising from equity investments. The company does not actively trade equity investments. Equity investments are mainly held for strategic rather than trading purposes. Protection principle is given high priority by limiting company's investments top rated money market instruments only.

Equity price risk is related to change in market reference price of investments in equity shares held by the Company. The fair value of quoted investments held by the Company exposes it to equity price risks.

**ii) Mutual fund investments**

The Company manages the surplus funds majorly through investments in debt based and equity mutual fund schemes. The price of investment in these mutual fund Net Asset Value (NAV) declared by the Asset Management Company on daily basis is reflected by the movement in the NAV of invested schemes. The Company is exposed to price risk on such Investment schemes.

Mutual fund investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments. However, due to the very short tenor of the underlying portfolio in the liquid schemes, these do not hold any significant price risks.

**c.1 Equity price sensitivity analysis**

The Company's exposure in Equity Investments is not material.

**c.2 Mutual fund price sensitivity analysis**

The sensitivity analysis below has been determined based on Mutual Fund Investment at the end of the reporting period. If NAV had been 1% higher/lower, the profit for year ended 31st March, 2021 would have increased/decreased by ₹ +/- 83.99 Lakhs (previous year: increase/decrease by ₹78.16 lakhs) as a result of the changes in fair value of mutual funds.

**(B) Credit risk management**

Credit risk arises from the possibility that a counter party's inability to settle its obligations as agreed in full and in time. The maximum exposure to credit risk in respect of Trade receivables and other financial assets is as under:-

**a. Trade Receivables**

The Company's trade receivables consists of a large and diverse base customers including State owned Enterprises. Hence the Company is not exposed to concentration and credit risk. The company also assesses the credit worthiness of the customers internally

to whom goods are sold on credit terms in the normal course of business. Outstanding customer receivables are regularly monitored and any shipments to overseas customers are generally covered by letters of credit.

In determining the allowances for expected credit losses of trade receivables, the company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. In addition to this, Company provides for credit loss based on increase in credit risk on case to case basis.

The following is the detail of allowance for lifetime expected credit loss and revenues generated from top five customers of the company.

i) Reconciliation of allowance for lifetime expected credit loss			(₹ in lakhs)
Particulars	As at 31st March 2021	As at 31st March 2020	
As at beginning of the year	16.53	11.66	
Allowance for doubtful receivables based on Expected Credit Loss (ECL)	2.76	5.10	
Transfer to the statement of Profit and Loss	0.12	0.23	
Balance at end of the year	19.17	16.53	
ii) Revenue generated from top five customers.			
- Amount of Sales	8374.58	22183.35	
- % of total sales of paper	25.66	45.32	

#### Trade Receivables

Out of the Trade receivables, ₹1260.22 lakhs as at 31st March 2021 (₹1855.61 lakhs as at 31st March 2020) is due from the Company's major customers i.e. having more than 5% of total outstanding trade receivables. There are no other customers who represent more than 5% of the total balance of trade receivables.

The ageing analysis of trade receivables as of the reporting date is as follows:

			(₹ in lakhs)
Ageing of trade receivables (Gross)	As at 31st March 2021	As at 31st March 2020	
Not Due	1834.50	1592.39	
0 - 6 months past due	497.57	982.23	
More than 6 months past due	300.49	218.82	
Total Trade receivables	2632.56	2793.44	

The maximum exposure to credit risk at the reporting date is the carrying value of trade receivables as disclosed at Note 10.

#### b. Other Financial Assets

The Company maintains exposure in cash and cash equivalents, time deposits with banks, investments in debt mutual funds. Investment of surplus funds are made only with approved counter parties. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

#### Write off policy

The financial assets are written off in case there is no reasonable expectation of recovering from the financial asset.

#### (C) Liquidity risk management

The objective of liquidity risk management is to maintain sufficient liquidity to meet financial obligations of the Company as they become due. The Treasury Risk Management Policy includes an appropriate liquidity risk management framework for the management of the short-term, medium-term and long term funding and cash management requirements. The Company manages the liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities.

The Company has access to various fund / non-fund based bank financing facilities. The amount of unused borrowing facilities (fund and non-fund based) available for future operating activities and to settle commitments as at 31st March, 2021 ₹3092.76 lakhs (as at 31st March, 2020 ₹2996.96 lakhs).

**iv Fair Value Measurement****(i) Fair Value hierarchy**

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

(ii) The following table provides an analysis of financial instruments that are measured at fair value and have been grouped into Level 1, Level 2 and Level 3 below:

Particulars	Fair Value as at (₹ in lakhs)		Fair value hierarchy
	31st March 2021	31st March 2020	
<b>Current Investments</b>			
Fair Value through OCI (Equity instruments designated upon initial recognition)	-	-	-
Fair Value through Profit and Loss	<b>8398.63</b>	7142.21	Level 2
<b>Non-Current Investments</b>			
Fair Value through Profit and Loss	<b>45.70</b>	23.70	Level 1
Fair Value through Profit and Loss	<b>52.30</b>	52.16	Level 3
<b>Other financial non current assets</b>			
- Derivative financial instruments	<b>1.07</b>	-	Level 2
<b>Other financial current liabilities</b>			
- Derivative financial instruments	-	(13.73)	Level 2

There were no transfers between Level 1 and 2 in the period. Sensitivity of Level 3 financial instruments are insignificant.

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

**Investments in mutual funds:** Fair value is determined by reference to quotes from the financial institutions, i.e. net asset value (NAV) for investments in mutual funds declared by mutual fund house. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuer will redeem such units for the investor.

**Derivative contracts:** The Company has entered into foreign currency contract(s) to manage its exposure to fluctuations in foreign exchange rates. These financial exposures are managed in accordance with the Company's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the Authorized Dealers Banks.

**Quoted equity investments:** Fair value is derived from quoted market prices in active markets.

**Unquoted equity investments:** Fair value is derived on the basis of net asset value approach, in this approach the net asset value is used to capture the fair value of these investments.

**Reconciliation of Level 3 fair value measurements (₹ in lakhs)**
